Dedication

Notre Dame Academy
Toledo 6, Ohio
May, 1960

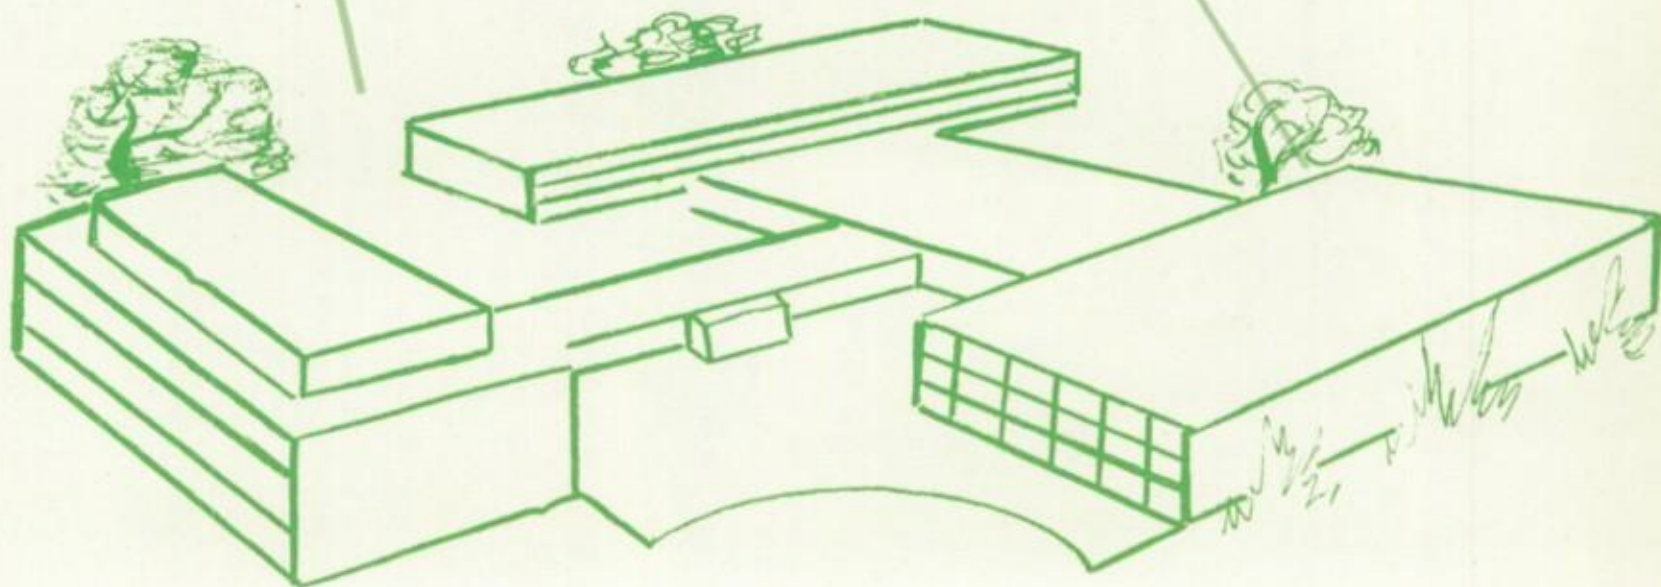

Dear Friends and Benefactors of Notre Dame,

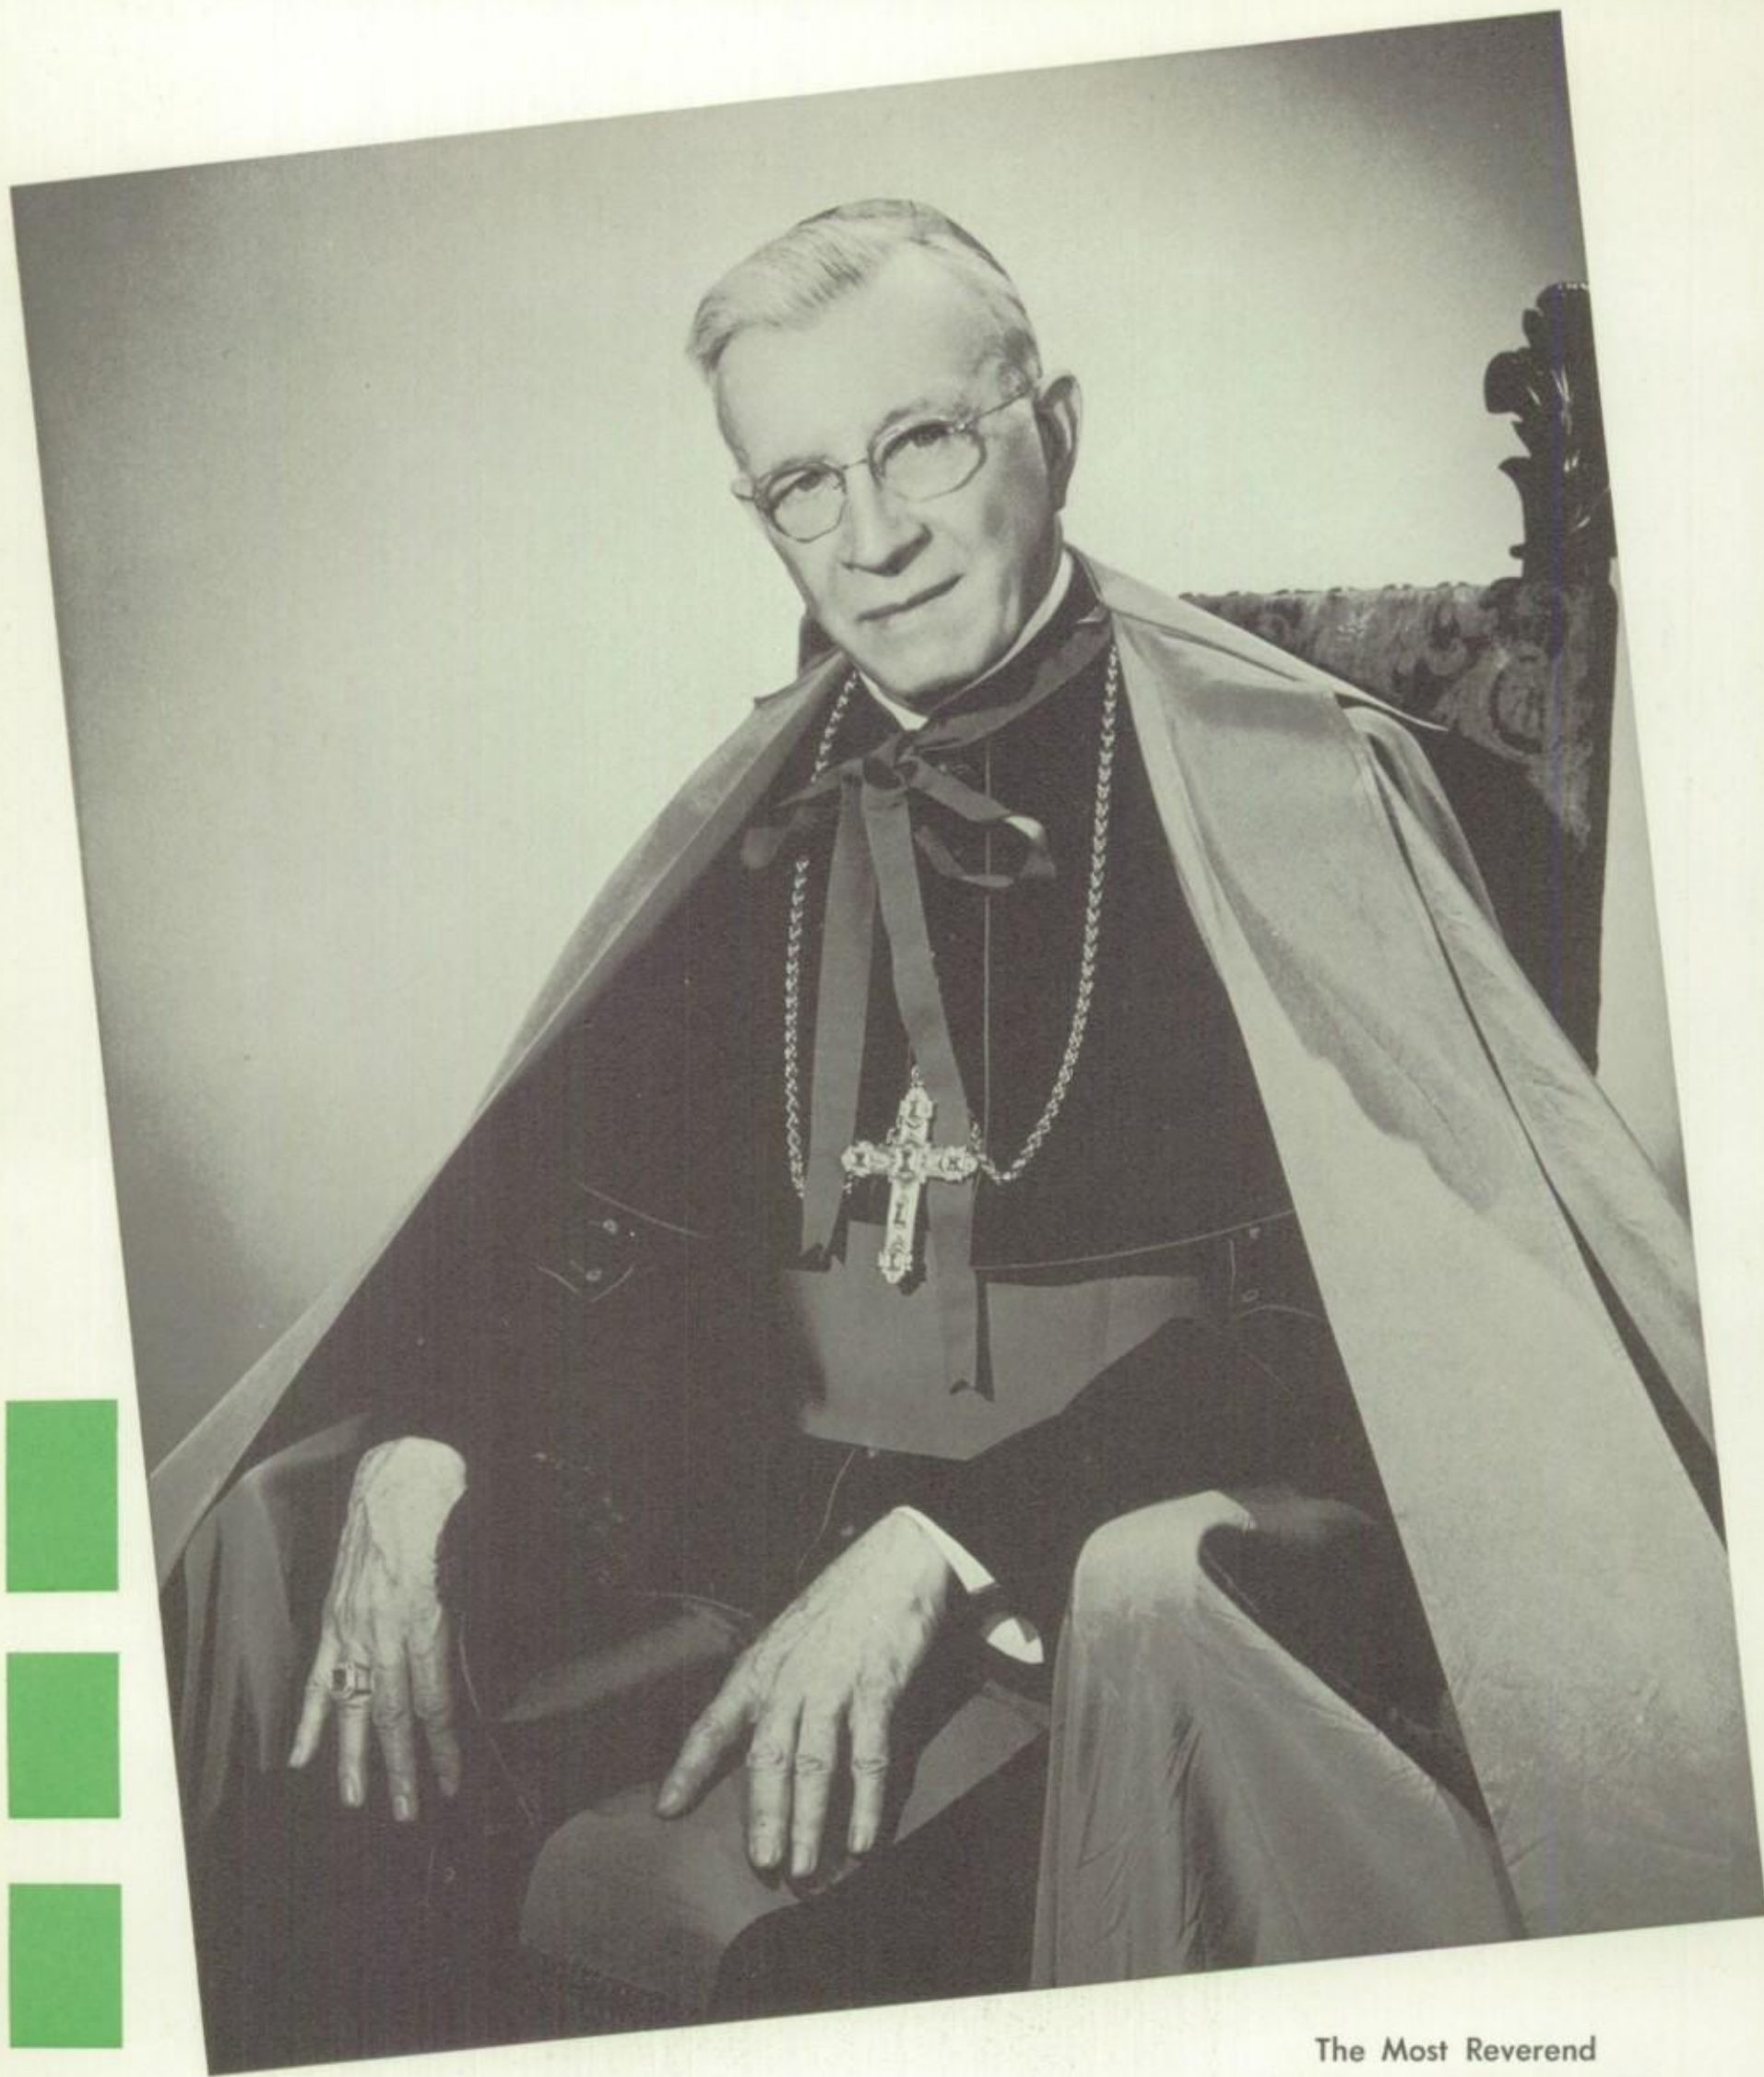

For more than fifty years our academy has stood as a stately landmark at Monroe and Bancroft. But now, through your tireless efforts and prayers, you have made the dream of our beautiful new school a reality.

To the Sisters of Notre Dame throughout the diocese who budgeted, saved, and prayed; to the loyal people of many parishes who contributed to the building fund; to the persons who patronized the ND festivals; to the students who assiduously collected stamps, sold tickets, and gave contributions; and, lastly, to the many who offered their prayers and good wishes for the success of the venture; to all of you—students, alumnae, parents, and friends of Notre Dame Academy—we offer our thank you and the assurance that the true Notre Dame spirit will always be with us.

Now, through this yearbook, we are able to look back in gratitude at this significant year at NDA. To all of you this chronicle of the year 1959-1960 is dedicated. We hope that you enjoy this record of a memorable year—the year of our little trek out Monroe Street.

Sincerely,
The 1960 REGINA Staff

The Most Reverend
GEORGE J. REHRING, S.T.D.
Bishop of Toledo

The Very Reverend
ROBERT J. YATES
Chancellor and Secretary to the Bishop
Students' Chaplain at Notre Dame Academy

"No one can be educated by maxim and precept; it is the life lived, and the things loved, and the ideals believed in by which we tell one upon another."

Alma mater

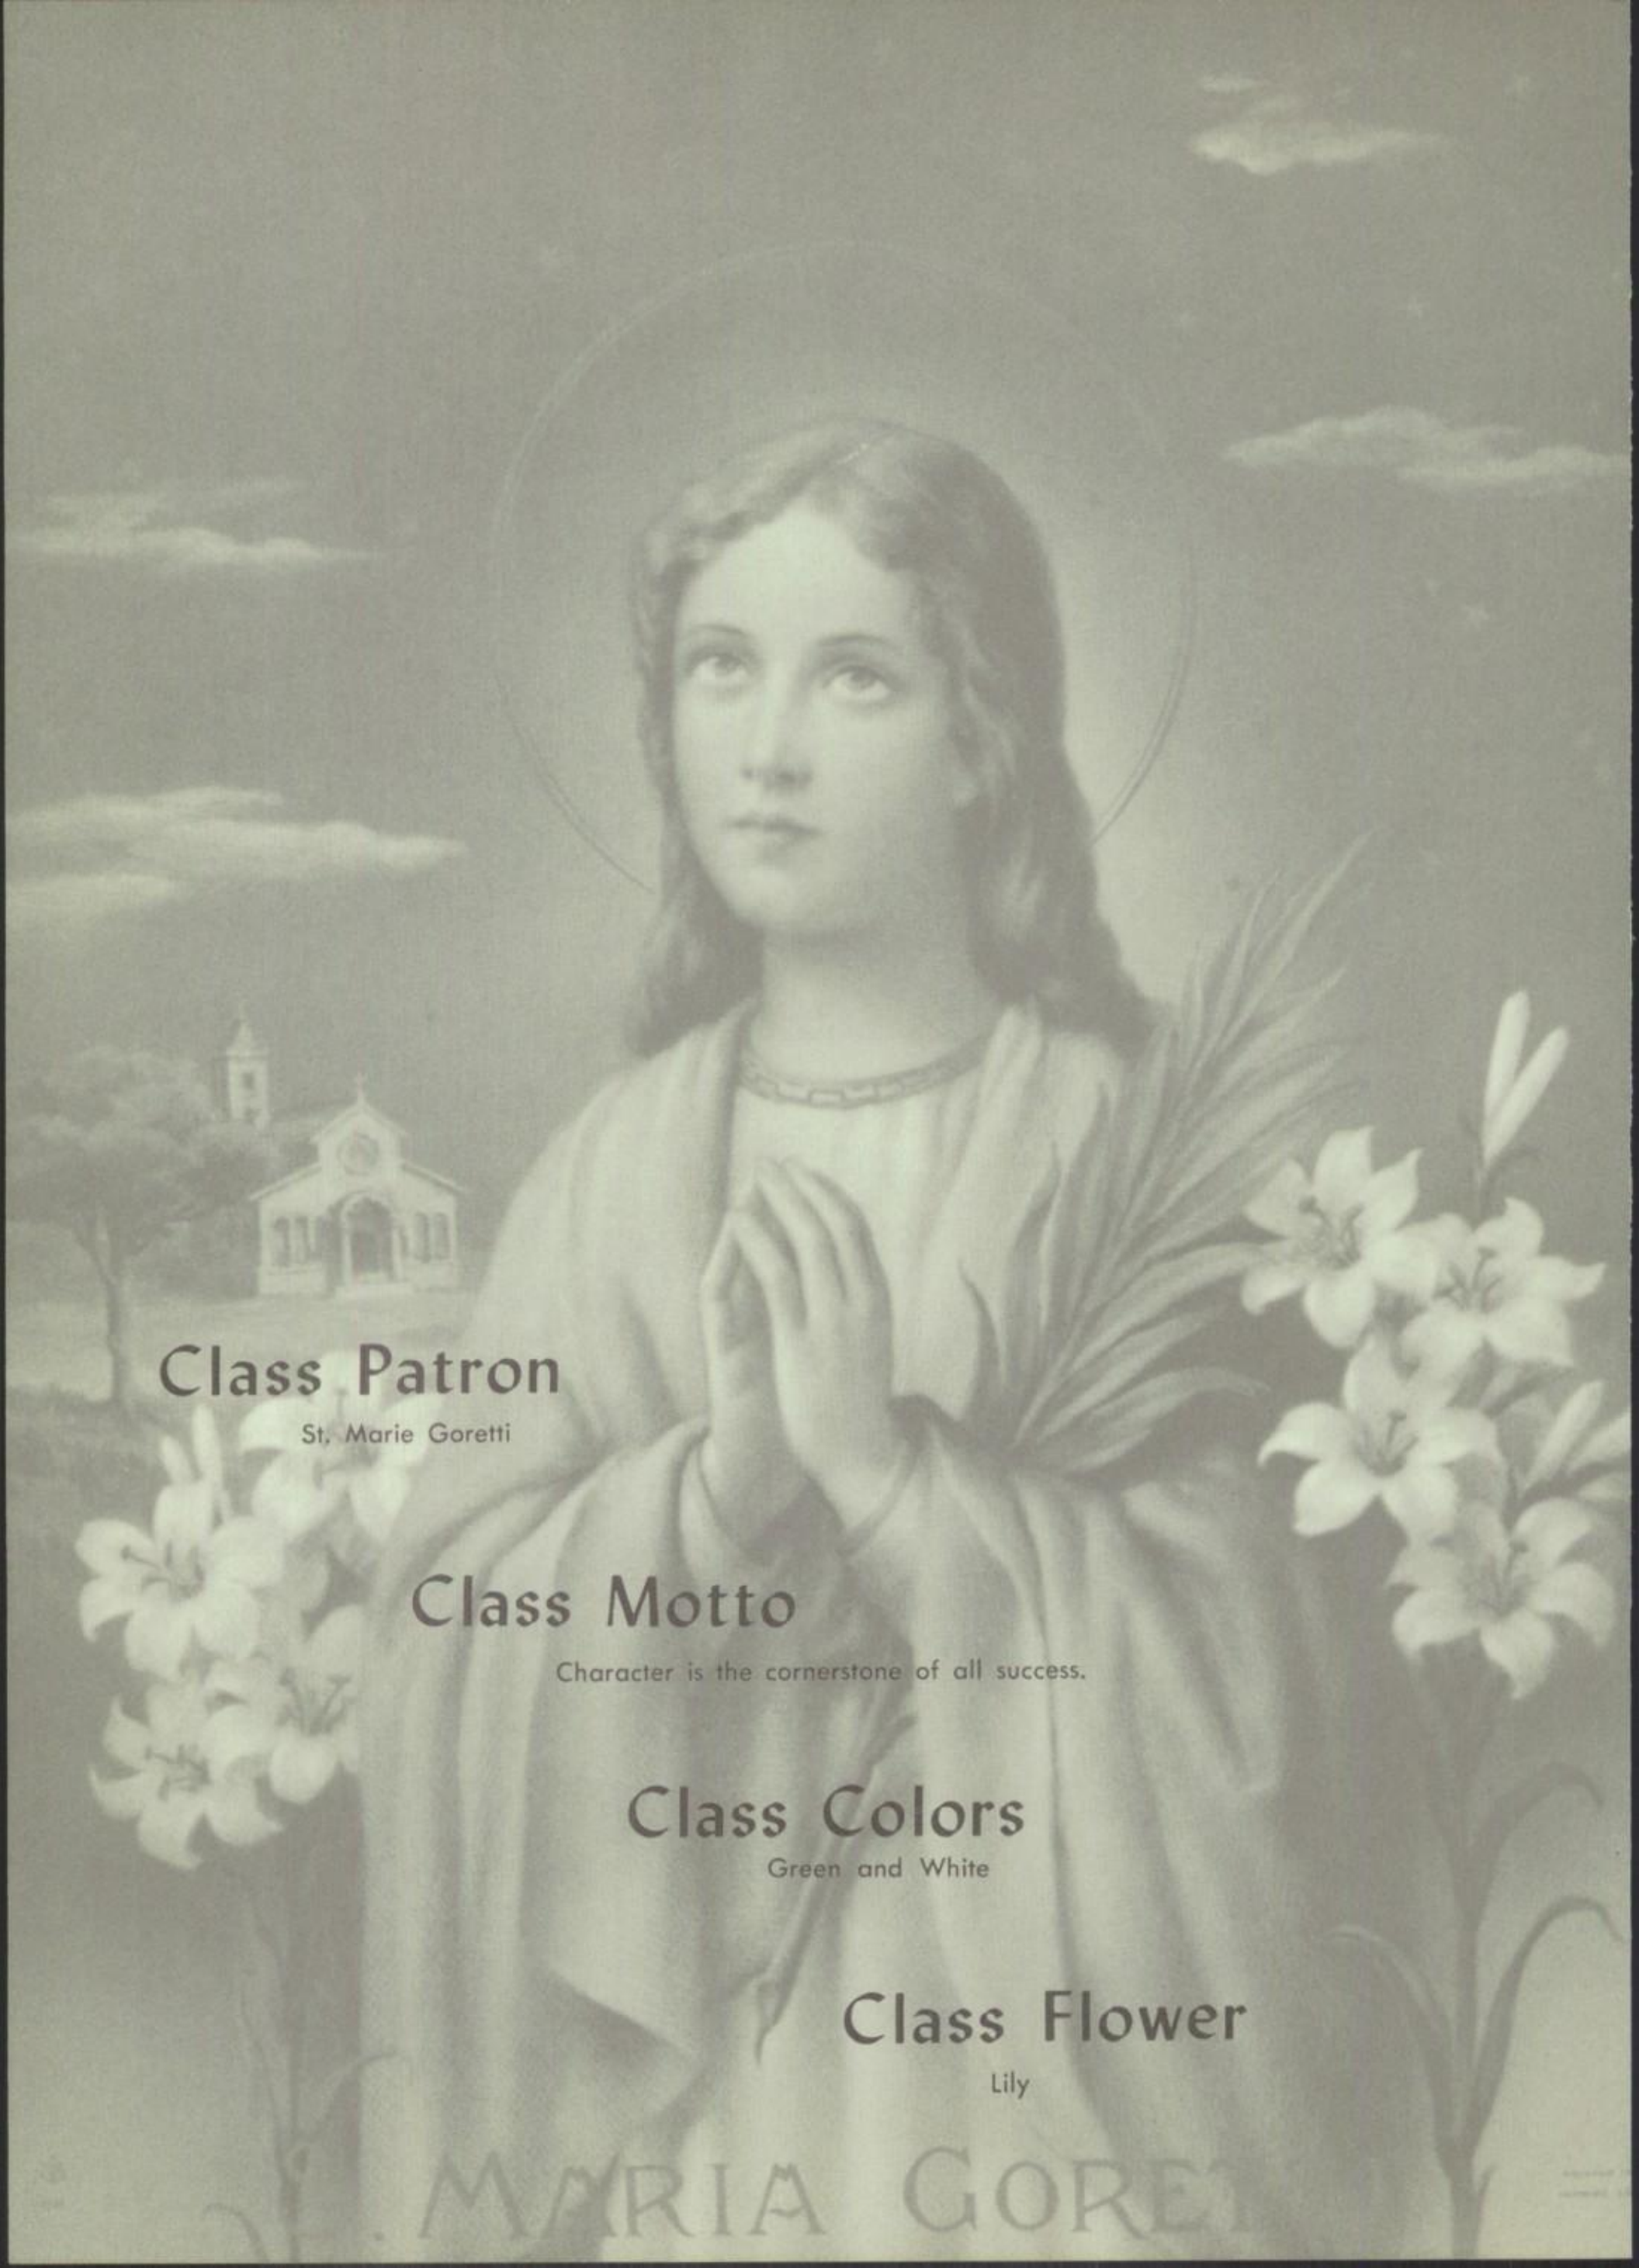

All hail to thee, loved Notre Dame,
As Alma Mater we're proud thee to claim.
Thy loyal daughters we'll ever be,
We pledge, Alma Mater, allegiance to thee.
In hallowed memory, enshrined in each heart,
Are all the great lessons thou strovest to impart.
Then hail! Thrice hail!
We'll ever be true to thee and our banner of gold and blue.
Then hail! We'll ever be true to thee, Notre Dame.

Should ever pleasures siren lay
Tempt us from duty's path to stray,
Or sorrow darken life's rugged way
Then Faith be our guide, our light and stay.
Reflecting through life thy virtues so rare,
We'll crown thee with honor for thy loving care.
Be life's way obscure or up heights of fame,
We'll never forget thee, loved Notre Dame.

Down ages still in rapturous song
May grateful daughters the strains prolong
'Till eternal portals open wide
With thee loved Queen fore'er to abide.
At that great reunion of Notre Dame,
We'll sing in grand chorus the old refrain:
"All hail to thee, Our Lady most fair,
We'll glory forever thy name to bear.
Dear Queen, o deign to bless us thy children.
Loved Mother, loved Notre Dame."

... And Now for Fun

ND girls naturally have fun! In the corridors and during cafeteria their cheerful banter keeps the halls alive. As they work together on innumerable dance, play, and assembly committees a true spirit of co-operation keeps things running smoothly. With all this activity, there's never a dull moment!

Classes

Chemistry whizzes easily transform lengthy equations into "aromatic brews" . . . typewriters busily click, kept in time by the agile fingers of business students . . . protractors and slide rules protrude from binders—sure marks of the mathematically minded . . . future linguists cheerily greet friends with "Bonjour," "Que tal," or "Guten Tag" . . . a bell rings, chatter stops . . . and class begins.

"God To Glorify"

Liturgical symbolism is an important part of freshman religion. These frosh exhibit representations of the Trinity.

"Experience --

the universal mother of sciences."

Crunch goes the can as these general science students prove the tremendous power of air pressure.

Biology enthusiasts prove that time marches on as they exhibit these prehistoric replicas.

Fin flappers fascinate this foursome.

Nappy and Jo-Jo, "hams" at heart, grab the spotlight for Kathleen O'Neil, Sherry Robinson, and Judy Baranoski.

A careful scrutiny convinces these biologists of the complex structure of the human body.

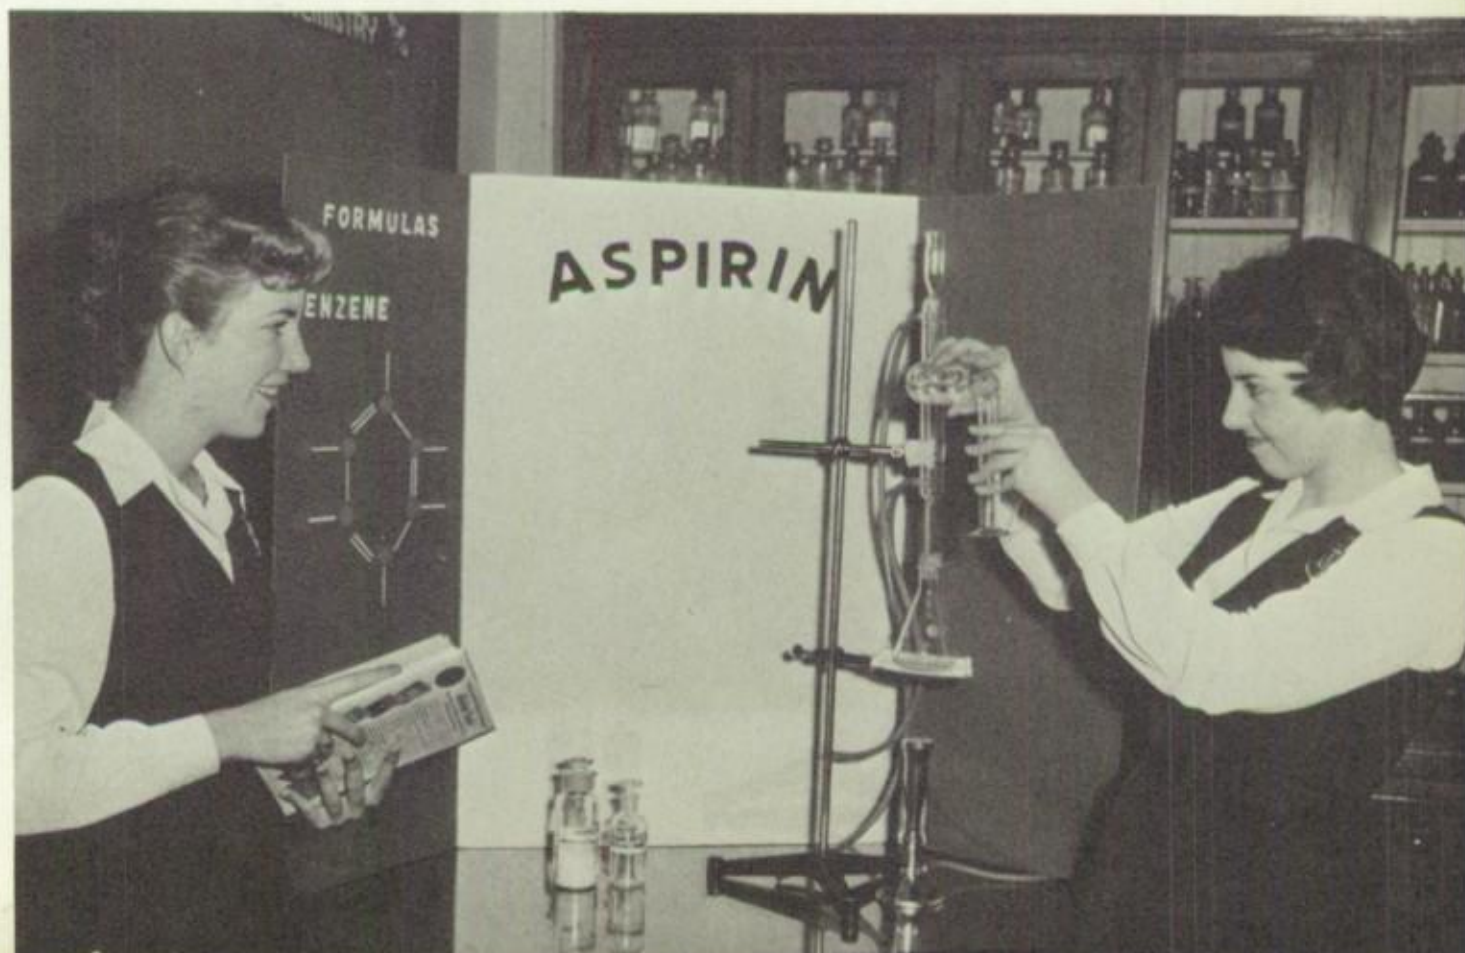

Diagramming angles of force challenges these amateur physicists.

"Jewels" of the physics class shine as they master joules of the metric system.

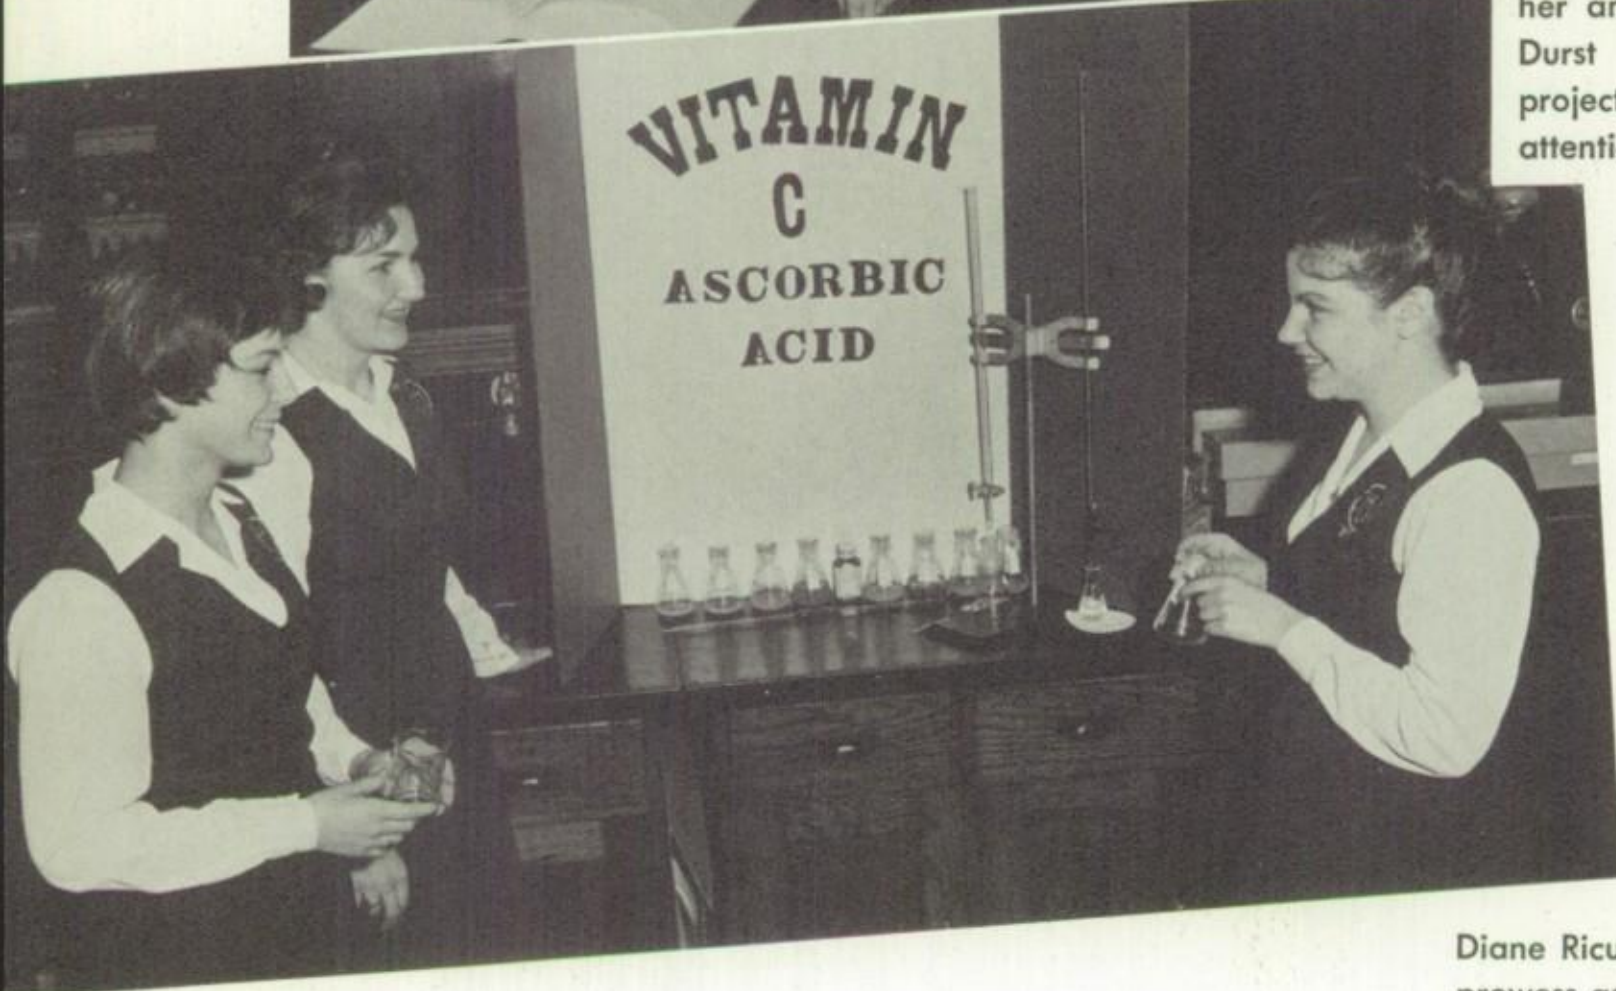

With stain and microscope these physiology students classify their own blood type.

Analyzing the composition of the aspirin are two future chemists. Patricia Ryan eyes with interest Mary Jo Schemenauer's project.

Kathleen Horton double checks her answer to the query of Diane Durst and Jane Bohland. Her project on cortisones holds their attention.

Diane Ricucci parades her scientific prowess as Judy Grosjean and Ruth Parlier pick up tips on her chemistry project.

**"History--
progress of the consciousness of freedom."**

Anne Heintschel discovered what in the world these ancient history students were looking for.

These American history students battle their way through a twentieth-century Civil War.

No, these eager National Problems solvers are not planning a world trip. They're just brushing up on geography for their world affairs report for class.

To the left "Brayer Technique" is being demonstrated. Rolling the paint on paper with gelatin rollers can produce a variety of creative textures. These modern Rembrandts used corrugated paper, string, burlap, and pine needles. Lettering can be used to point out principles of education.

"Art is beauty made a sacrament."

Still-life paintings using casein paint intrigued the junior art students. Paper sculpture also produced some lively subjects.

Water color with its bright and fluid colors fascinates the sophomores. Using scriptural passages as copy material, the sophomores also mastered free-hand lettering.

Inspired by the early Byzantine mosaics, these seniors produce striking designs using mosaics or colored tesseral.

Collages using nature materials such as driftwood, stones, shells, or seeds in shadow-box frames brought some unique designs from the sophomores.

Furniture arrangement proved to be an interesting phase of study for the Art Appreciation class.

“Mathematics is the creativity of exactness.”

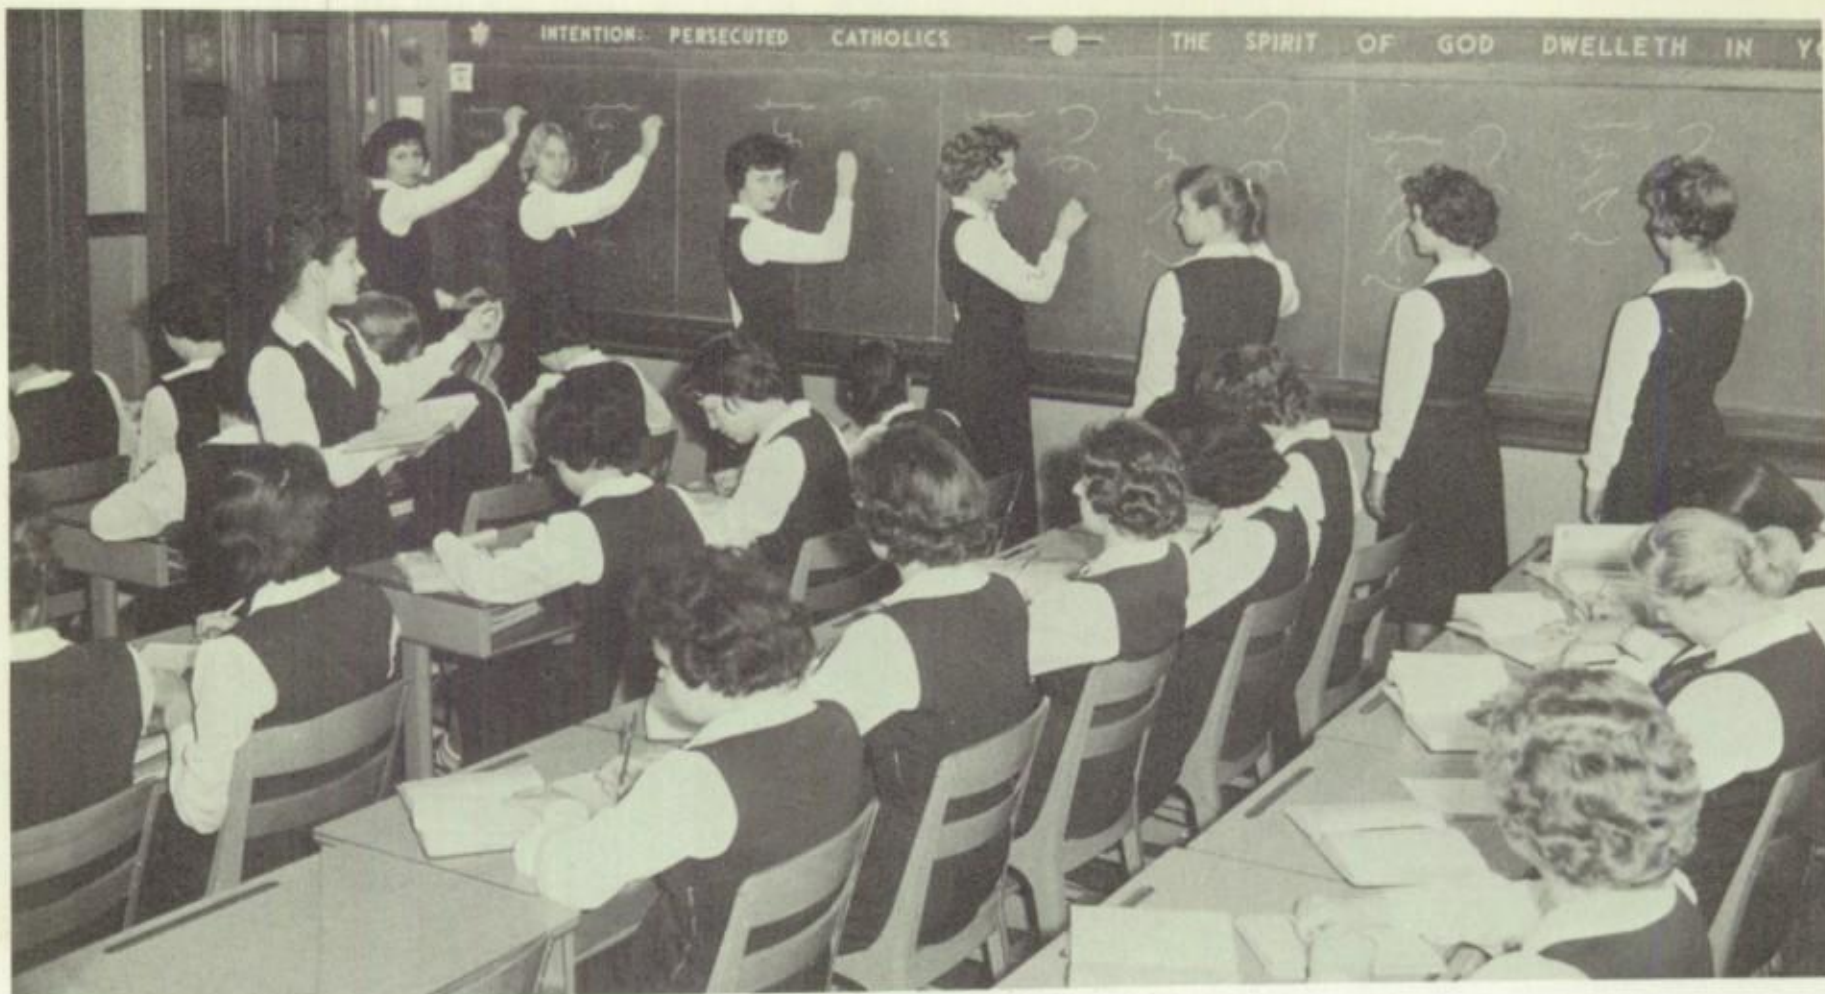

Diligent Algebra I students unscramble x's and y's in a buzz session.

Tangents become more tangible as sophomore Betty Guzicki clarifies a diagram for her fellow geometry students.

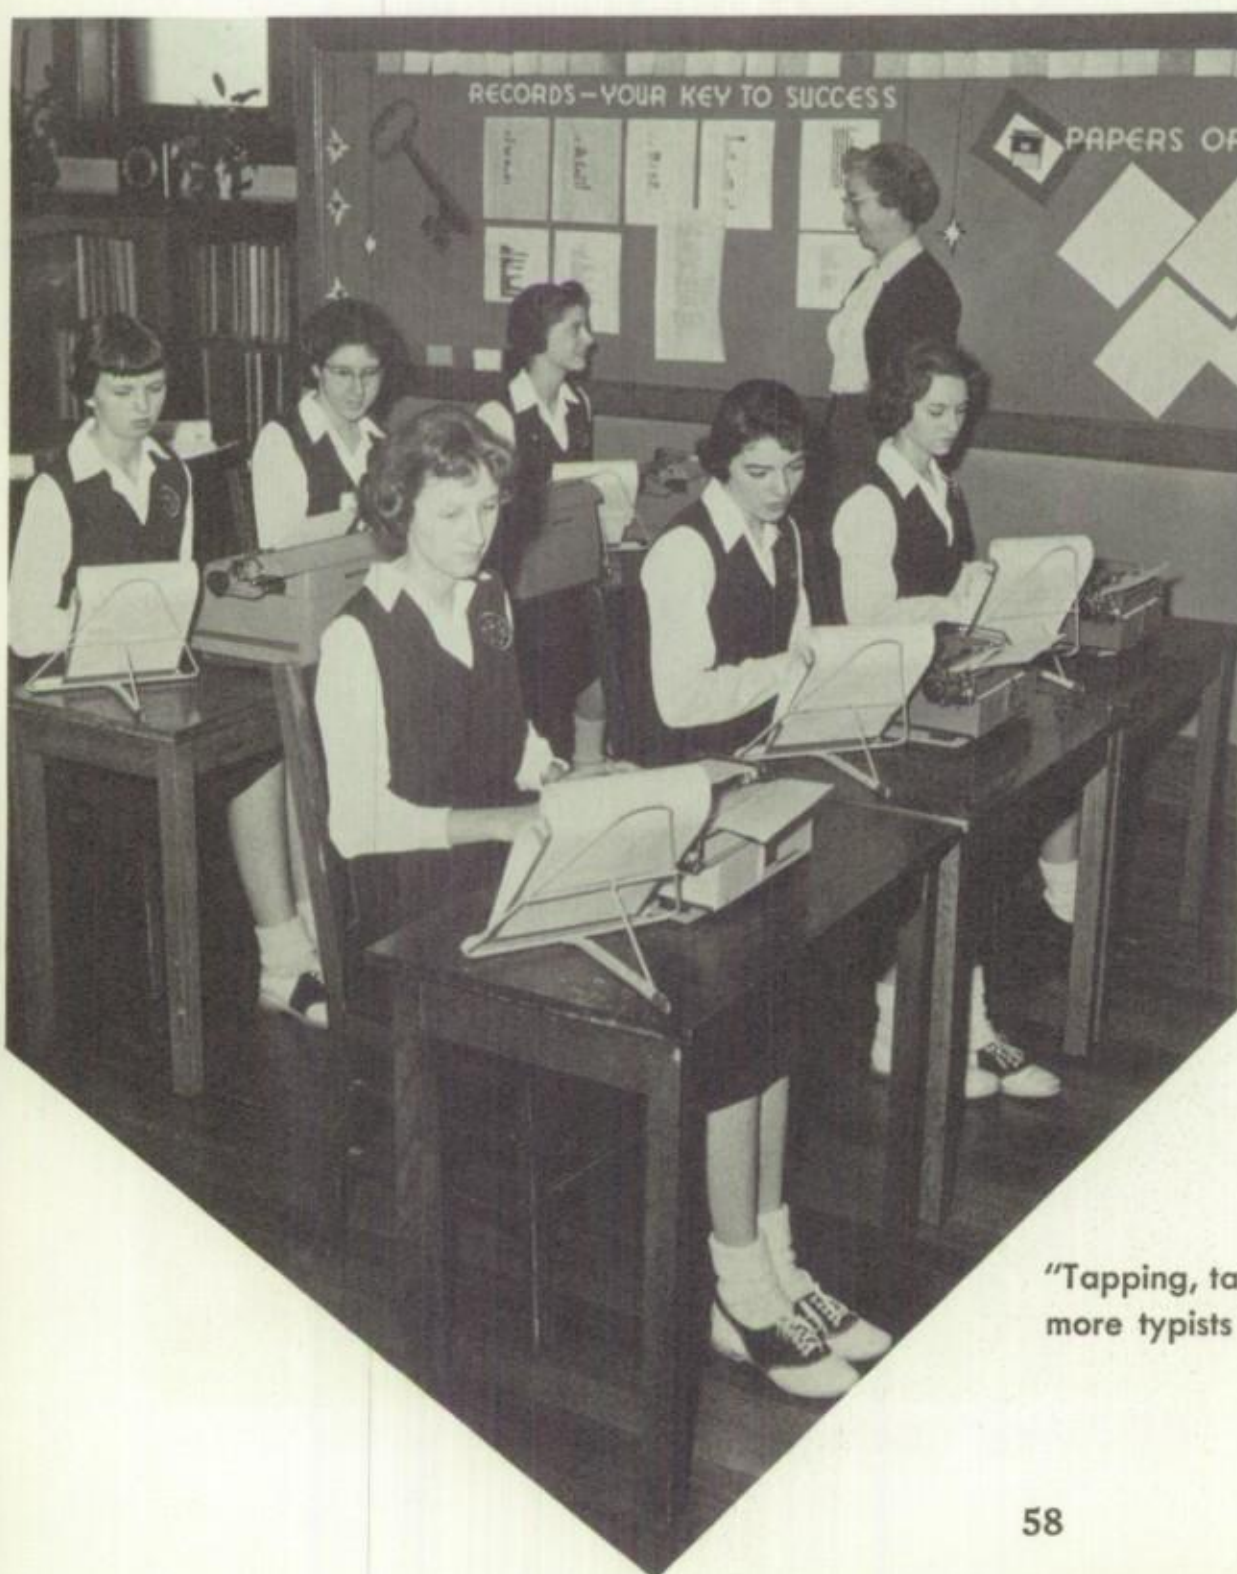

"Wonder where that answer went?" Advanced Algebra students are busily at work solving that mysterious puzzle called an equation.

Poised for action, these shorthand speedsters aim to perfect their own "A, B, C" brief forms.

**"He profits most
who
serves best"**

"Tapping, tapping—never napping," quoth the sophomore typists evermore.

Will power plus woman power equals work power for the senior business students as they become proficient in office techniques.

Quick as a flash are those rapid calculations of the business mathematics class.

Marianne Valiton successfully demonstrates to fellow bookkeepers the fascinating technique of closing entries.

"Language unlocks a vast treasure house."

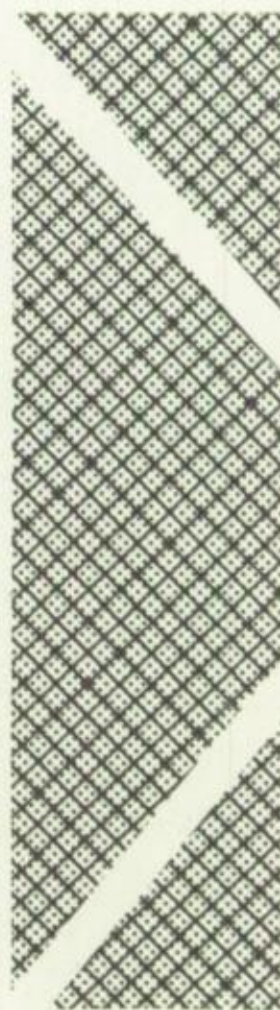

Knowledge increases as nouns decline in this Latin I drill team.

"Creo que sí" (of course) chant these first-year Spanish students as they line up for vocab drill.

Most likely to succeed are these top-notch German students as they spin the platter to perfect their pronunciation.

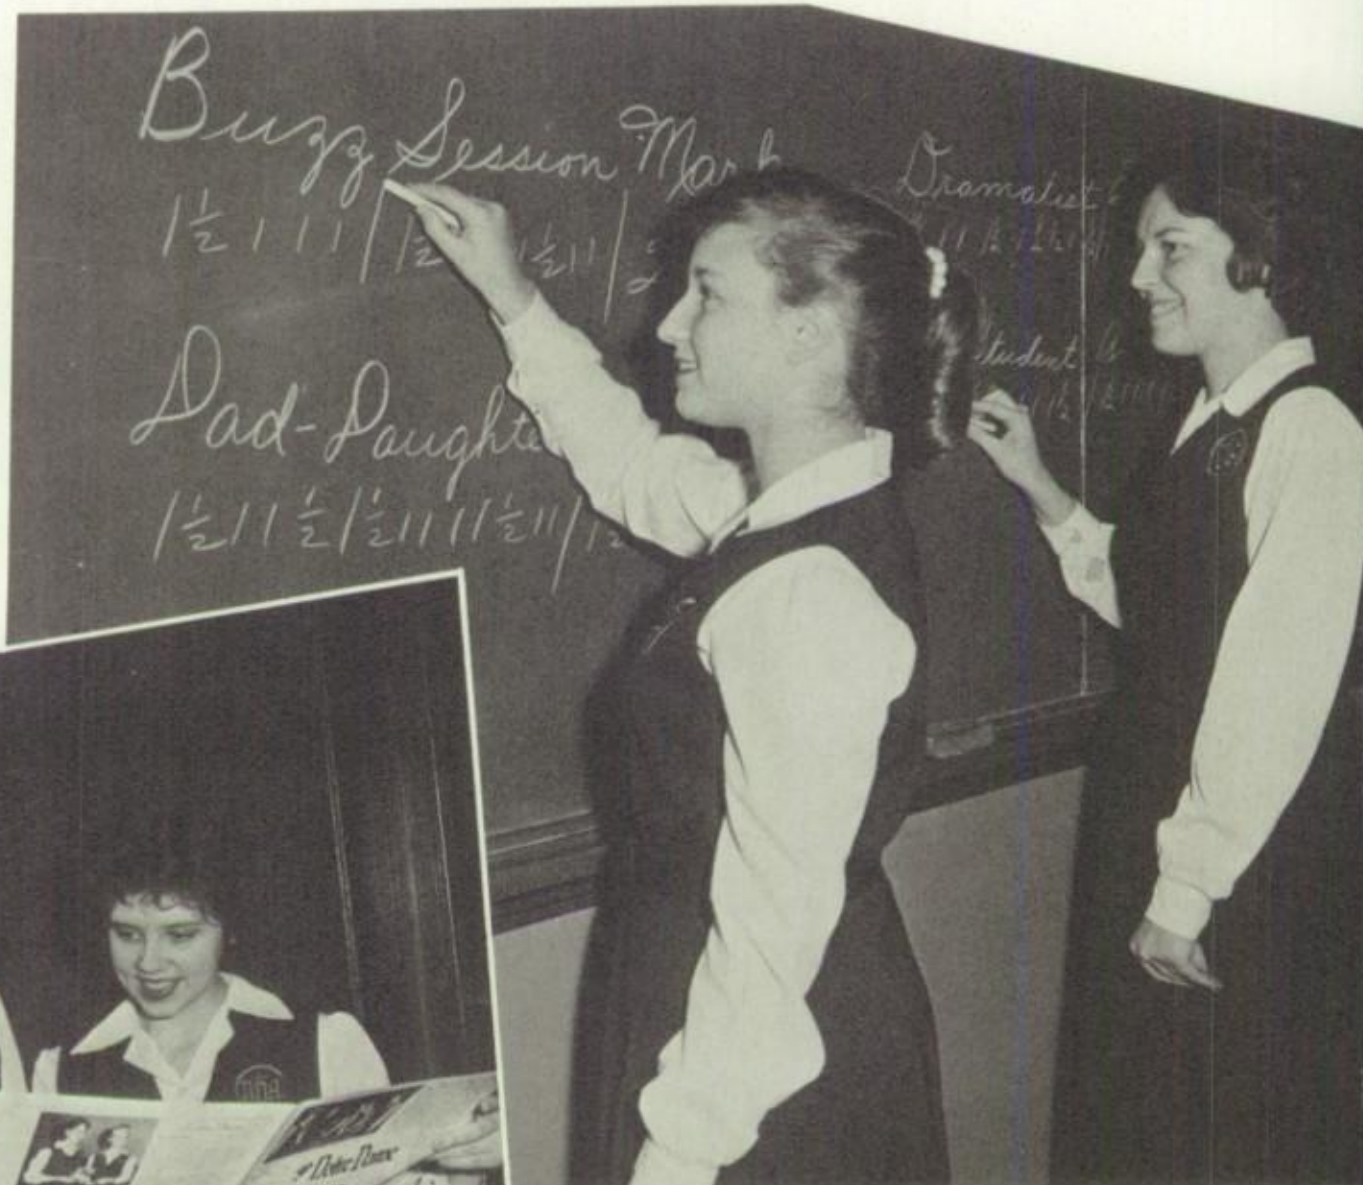

Babes in Toyland? No, it's just French I students converting a corner of their classroom into Santa's workshop to stage their Christmas skit.

Patricia Roth ponders over the polishing of that "lead" sentence while Mary Smith happily checks off the 5 W's and "H" in her article.

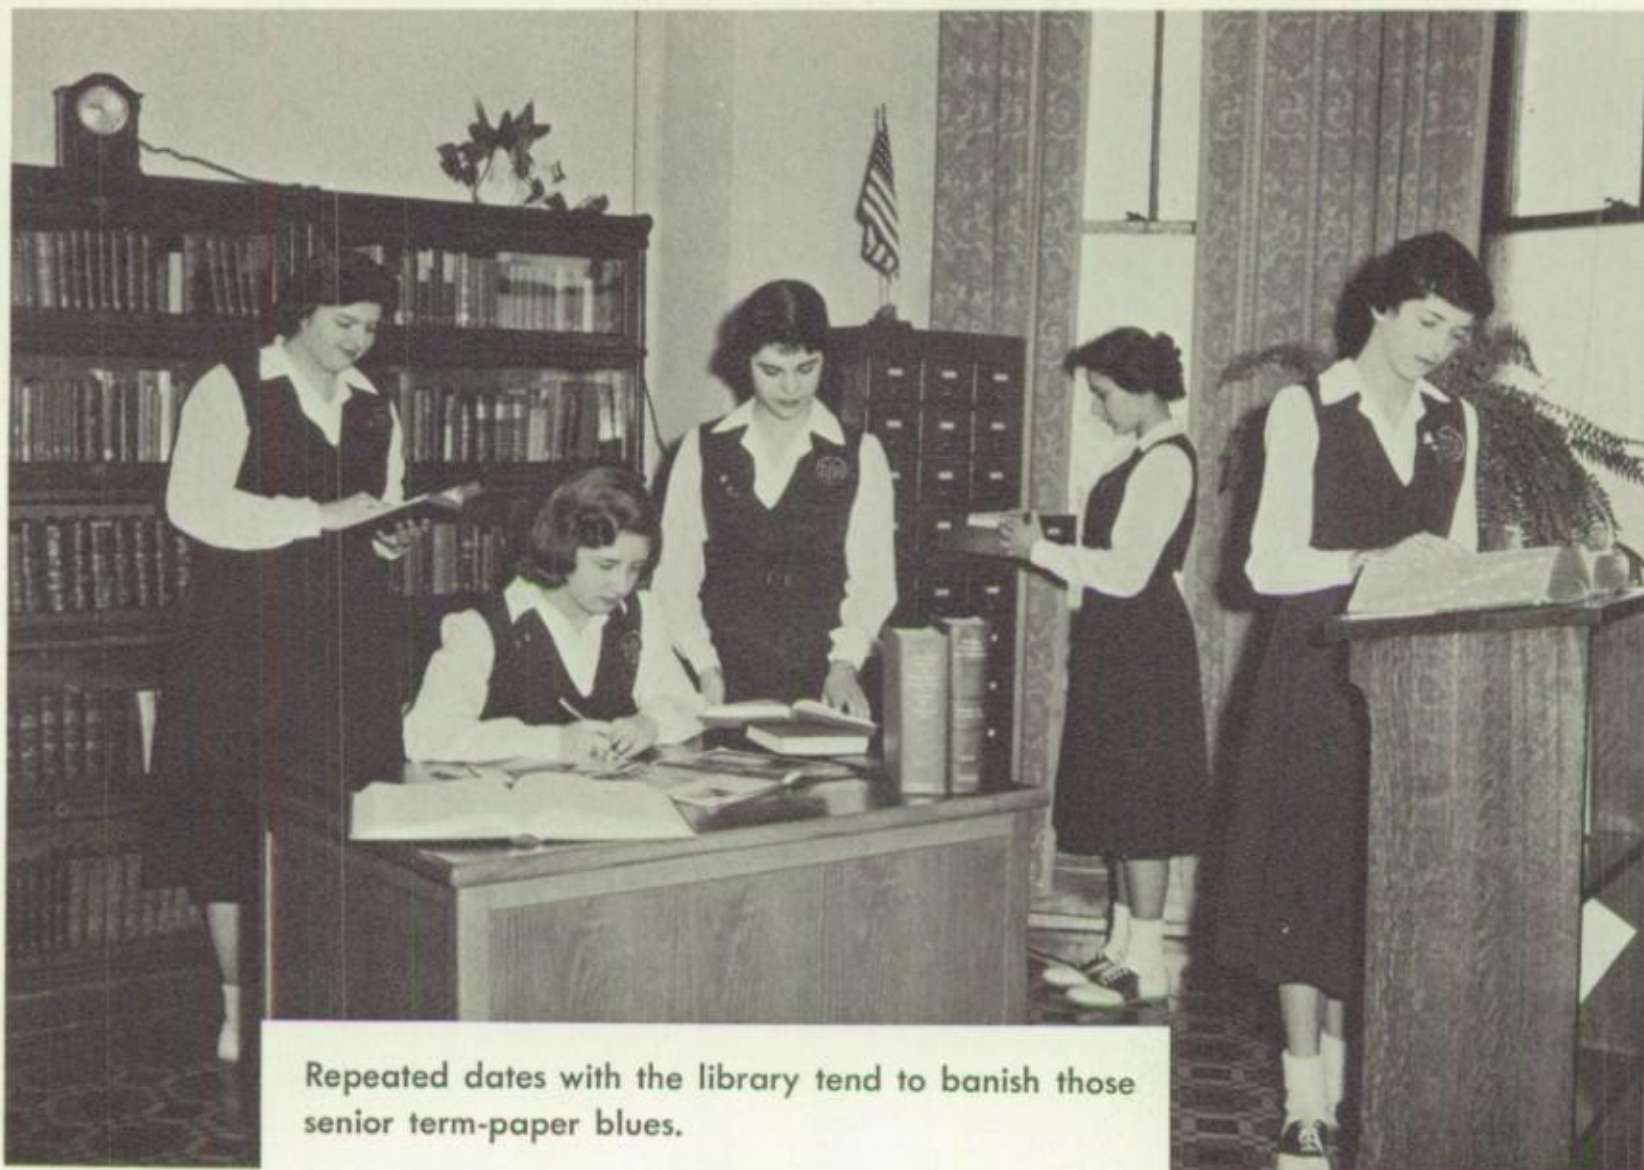

"Writing maketh an exact man."

Headline hurdles pose no problem for Rose Boellner and Janice Miller.

"Right there it is," happily announces Sue Bebell as she spots her own article in *The Notre Dame*. Laani Cook and Diane Peatee admire their creations in print, too.

"Wondrous the English Language"

Repeated dates with the library tend to banish those senior term-paper blues.

Purple papers are the juniors' passports to progress in English.

Julius Caesar comes alive for the sophomores as they enact scenes from Shakespeare. "Et tu, Brute?"

In an impromptu skit, freshman orientation students present typical parent-teen problems.

"Heart's-Haven of a happy home"

"Singers" hum as clothing students stitch their way to wardrobe magic.

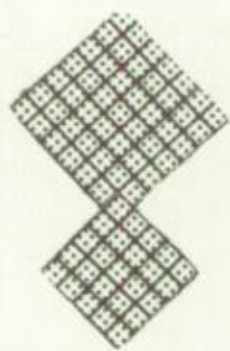

From pattern to "person," every step in the dressmaking process is important.

Pointing out the importance of color combination, DeeAnn Heint lends an ear to what the book says.

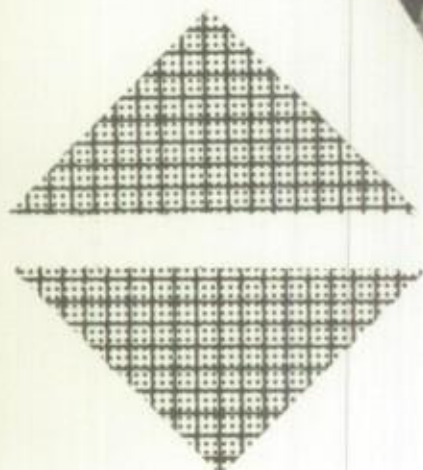

Looking at their Child Study folders are Sue Albecker, Peggy McDonough, Elena Branchini, Betty Schardt, Karen Szymczak, and Marcia Kwiatkowski.

Preparing tempting tray menus and arrangements is one aspect of the Christian Family Living course.

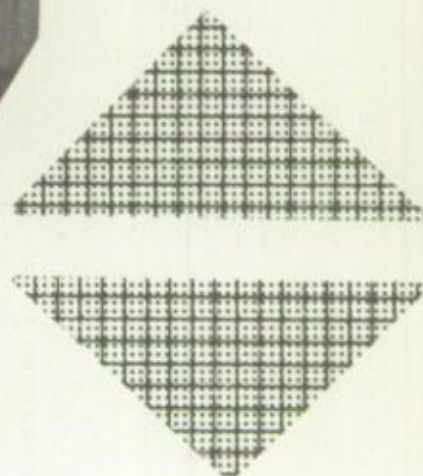

“Rainbow Hues of Song”

Sparkling many a program with a shower of light-hearted song are these members of the senior Glee Club.

Soprano I

Melodic cadence and harmony radiate from the silver-throated songbirds of the freshman choral group.

Alto

When senior eyes are smiling, all ND is bright and gay! Accompanied by Margaret "Cliburn" Benda, these senior choraleers have often entertained with their lilting melodies.

Soprano II

Speech class welcomes pre-freshmen from St. Ann's with their presentation of "Rumpelstiltskin."

"When thought is speech and speech is truth"

A "pow-wow" on public speaking principles is necessary for the senior speech students to properly convey their ideas.

Learning to introduce properly is a "must" for senior speech students.

Caught in a happy mood were Michele Pfeiffer, Patricia Ryan, Jean VandenBosch, Janice Miller and their escorts.

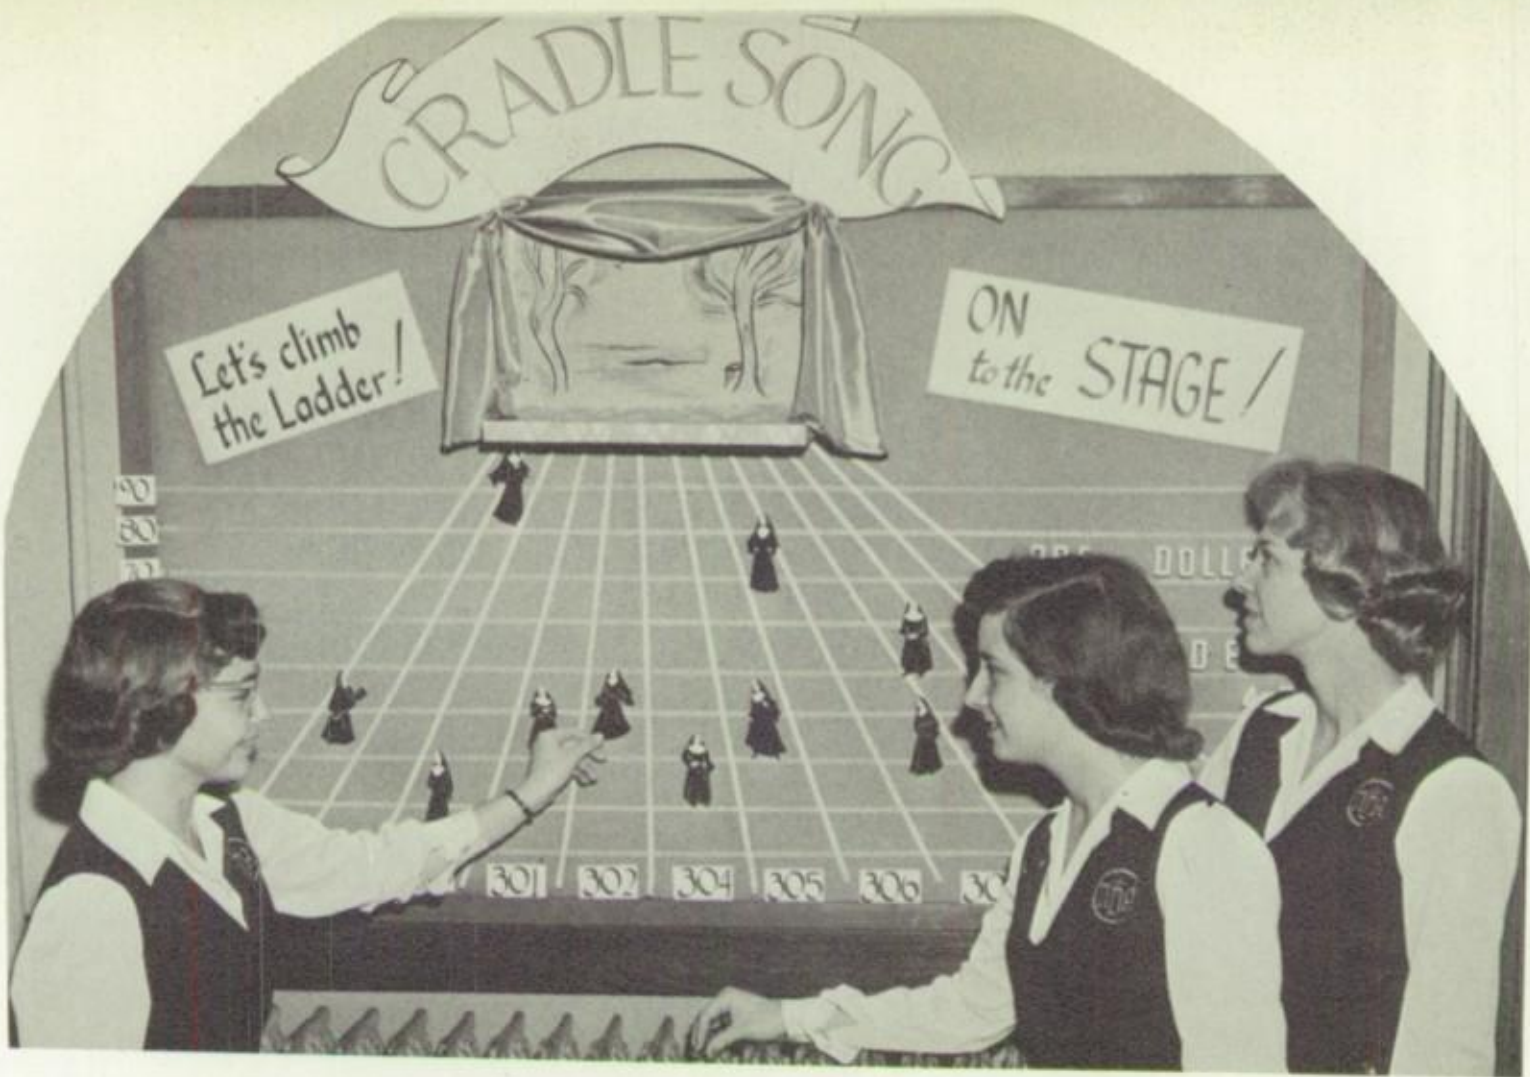

Taking time out for a chat between dances are the young and the "young at heart."

Eyeing the progress of the ticket campaign are Mary Jo Thieman, Nancy Cataldo, and Joan Detzer.

The Cradle Song

An unusual nameday gift for the Mother Prioress intrigues Sister Inez and Sister Tornera.

Marking her sixteenth successful production at Notre Dame Academy, *Cradle Song* closed Rosemary Hill Wernert's career at the old NDA. See you at the new Notre Dame, Mrs. Wernert!

The new arrival causes excitement within the convent walls.

Mrs. Rodrigo, the gardener's wife, care for infant Theresa.

Since the arrival of their surprise package, there has not been one moment of what the rules call "profound calm."

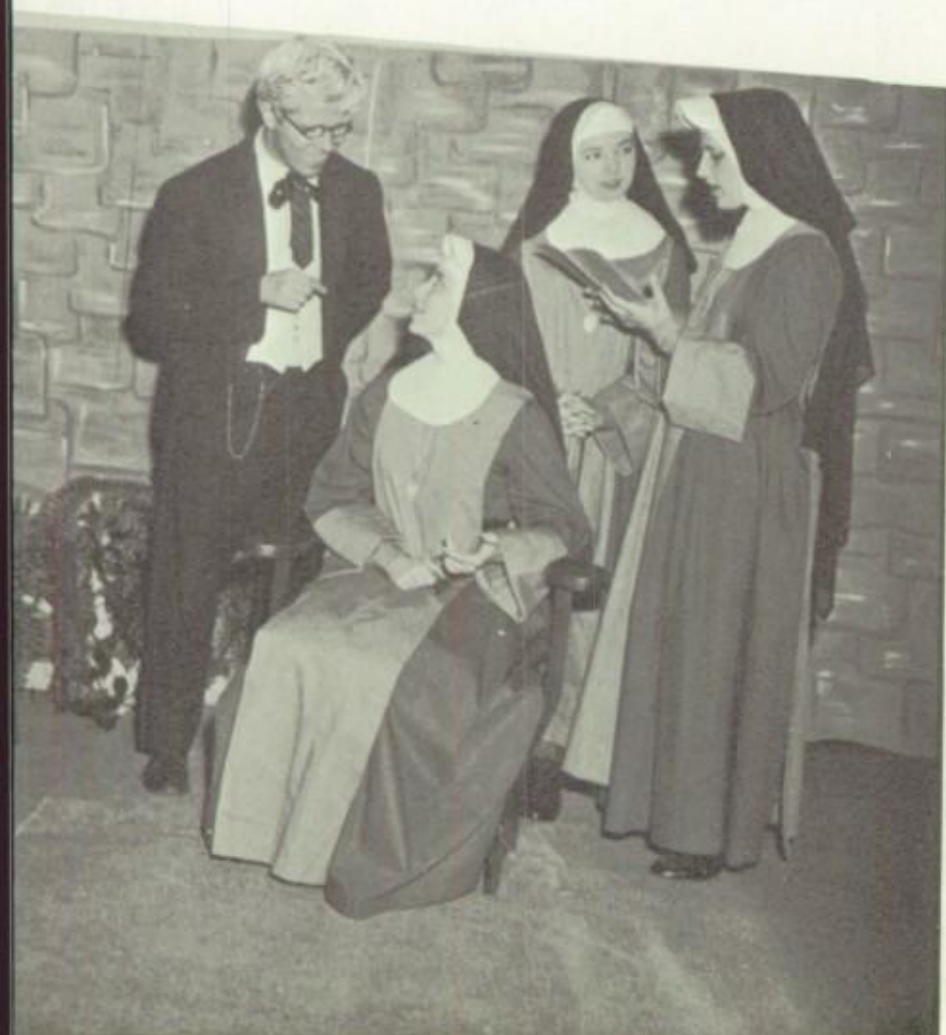

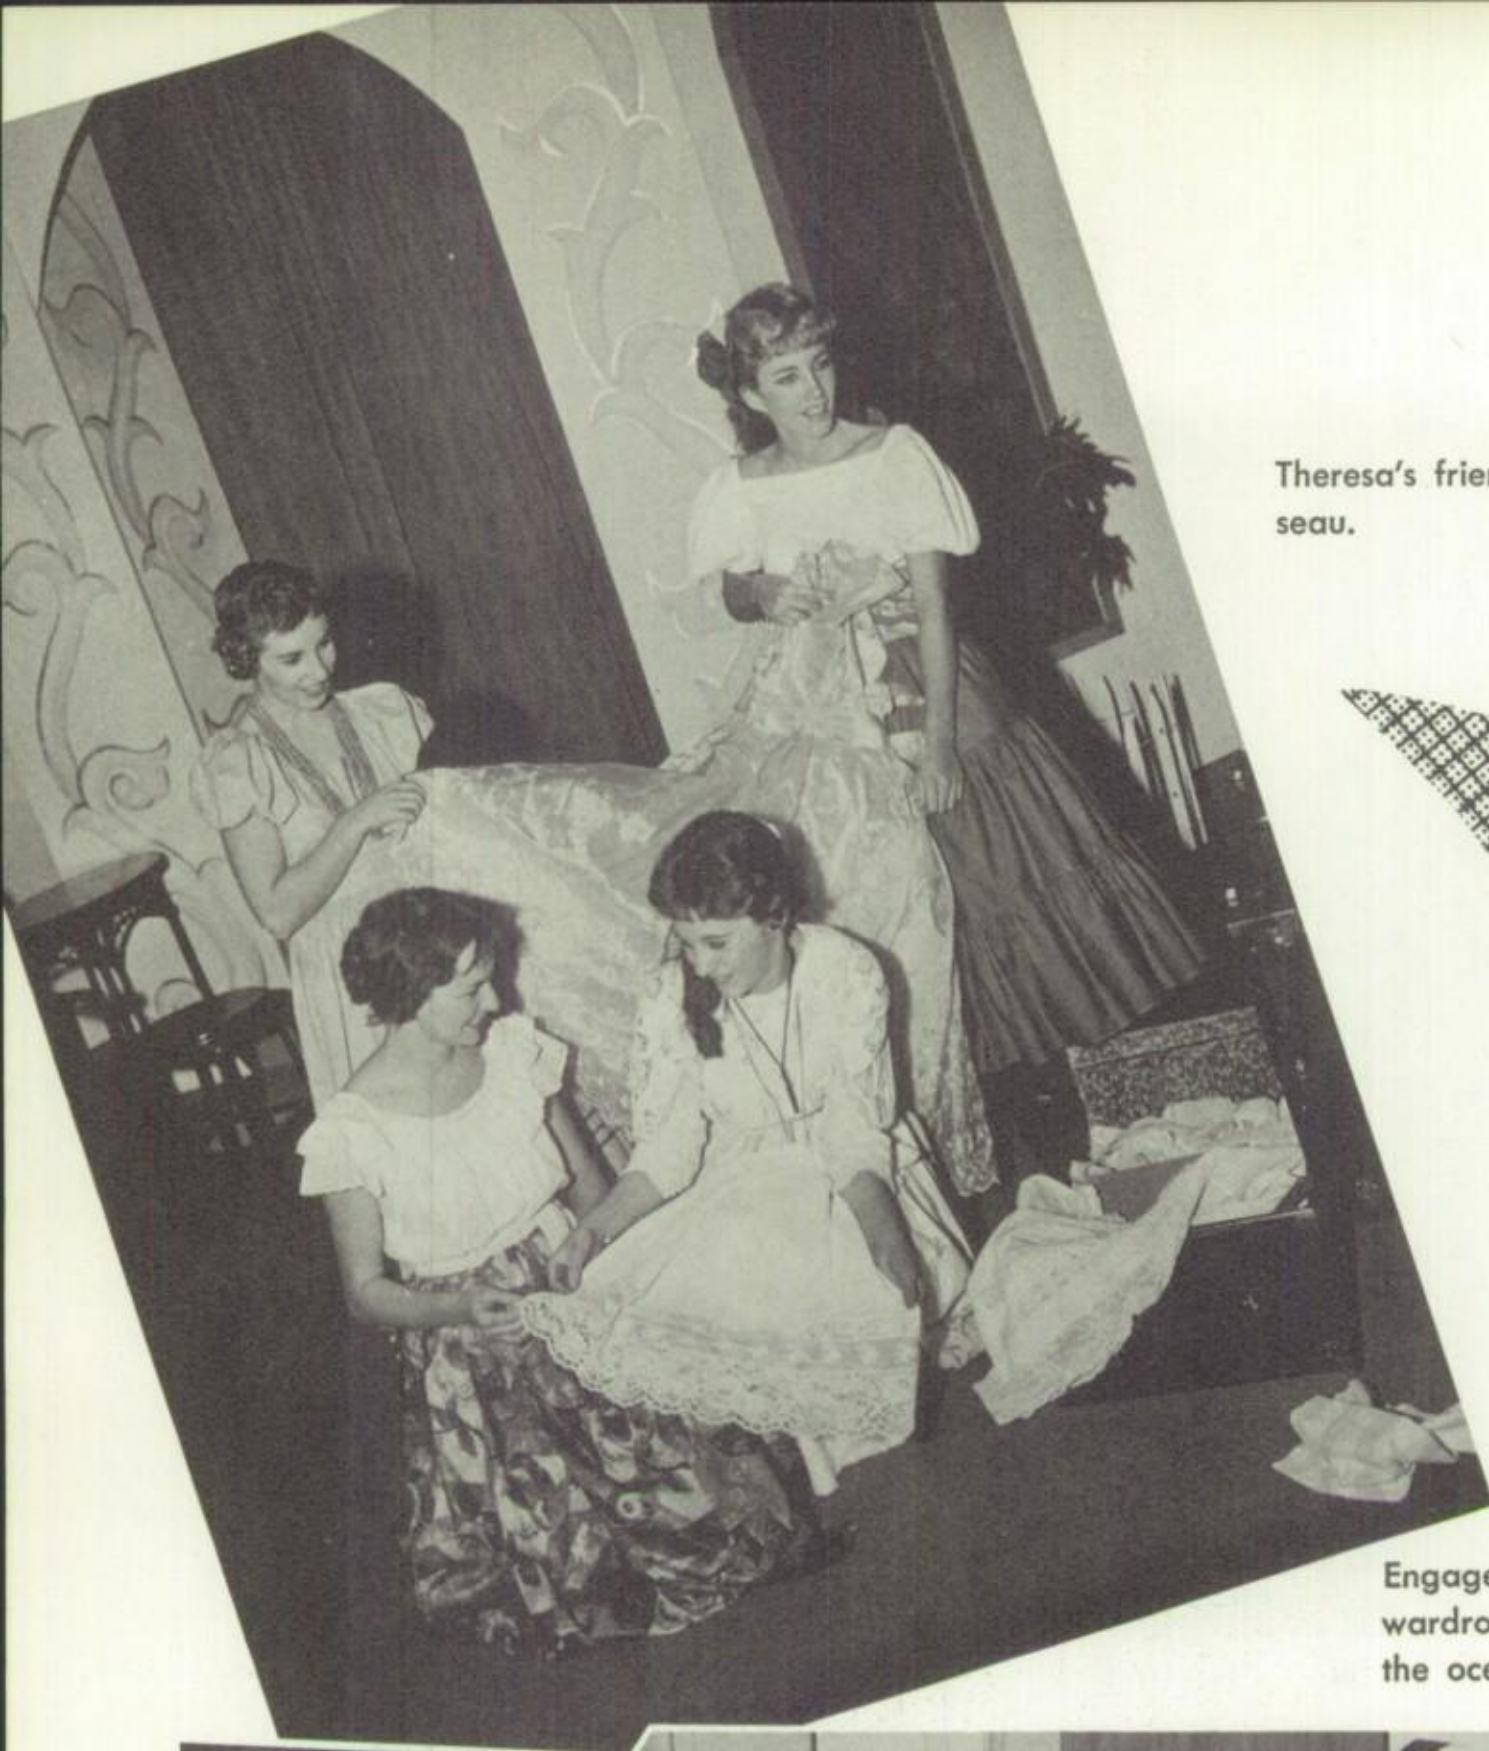

Prayer helps to overcome those temptations to melancholy.

In her curtain talk Mary Ann McFadden paid final tribute to our last production at old NDA.

Theresa's friends admire her trousseau.

Engaged in preparing Theresa's wardrobe for her journey across the ocean is the entire community.

Theresa strains for a look at her fiancé, Antonio.

Sadness hovers over the convent as Theresa bids farewell.

Bells summon the nuns to prayer after Theresa's departure.

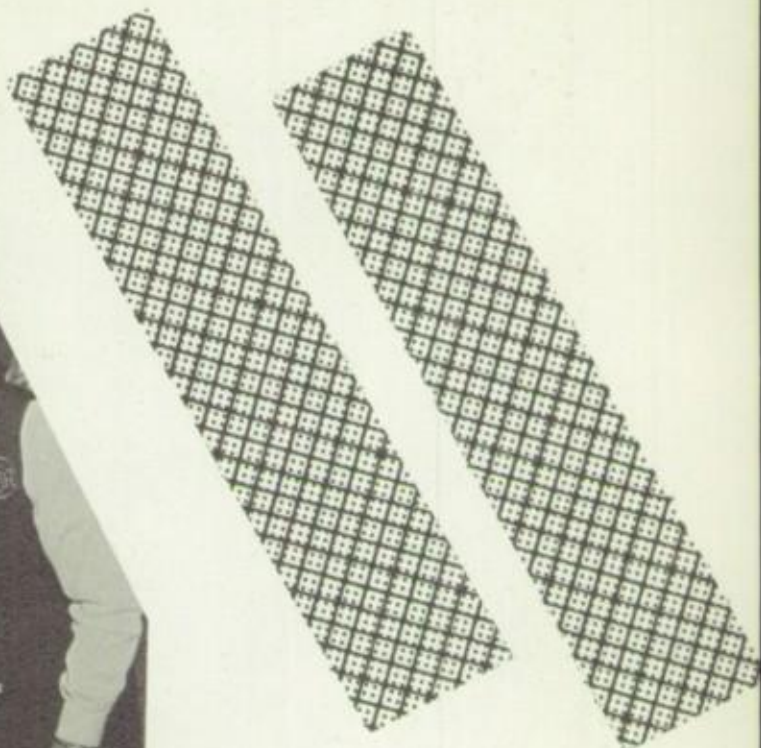

Last curtain call at old NDA.

Getting the know-how of applying crow's feet and red dots are Barbara Fligor, Carol Brazeau, Judy Baker, Patricia McGrath, and Sue Miller. Did they perhaps practice on themselves?

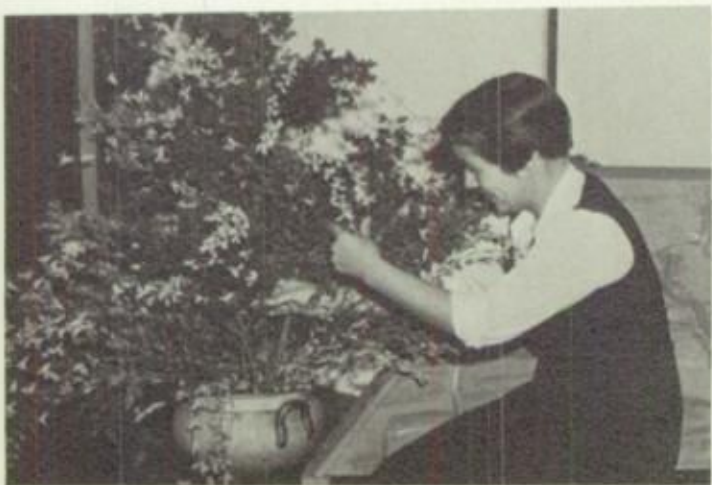

Everything is here! Mary Ann Elias assures the general co-chairmen that her property committee is ready for dress rehearsal.

Perfect fit! Efficient seamstresses smile appreciatively at their handiwork as modeled by Deborah Essi.

Midst paint brushes, hammers, and flowers, the stage committee finds time to laugh.

M-Day, February 13, 1960

Highlighting the spirit of the first semester of the 1959-1960 school year was the anticipation and excitement of moving week. ND loyalty was certainly displayed during these seven days of combined work and fun. As a prelude to this unforgettable event were the numerous campaigns in which the students wholeheartedly participated. We all agree that our work was not in vain, for the new school is like a dream come true.

Since "we gotta travel on," packing is "number one-derful" on our moving agenda.

Imported man power came to the rescue on moving day!

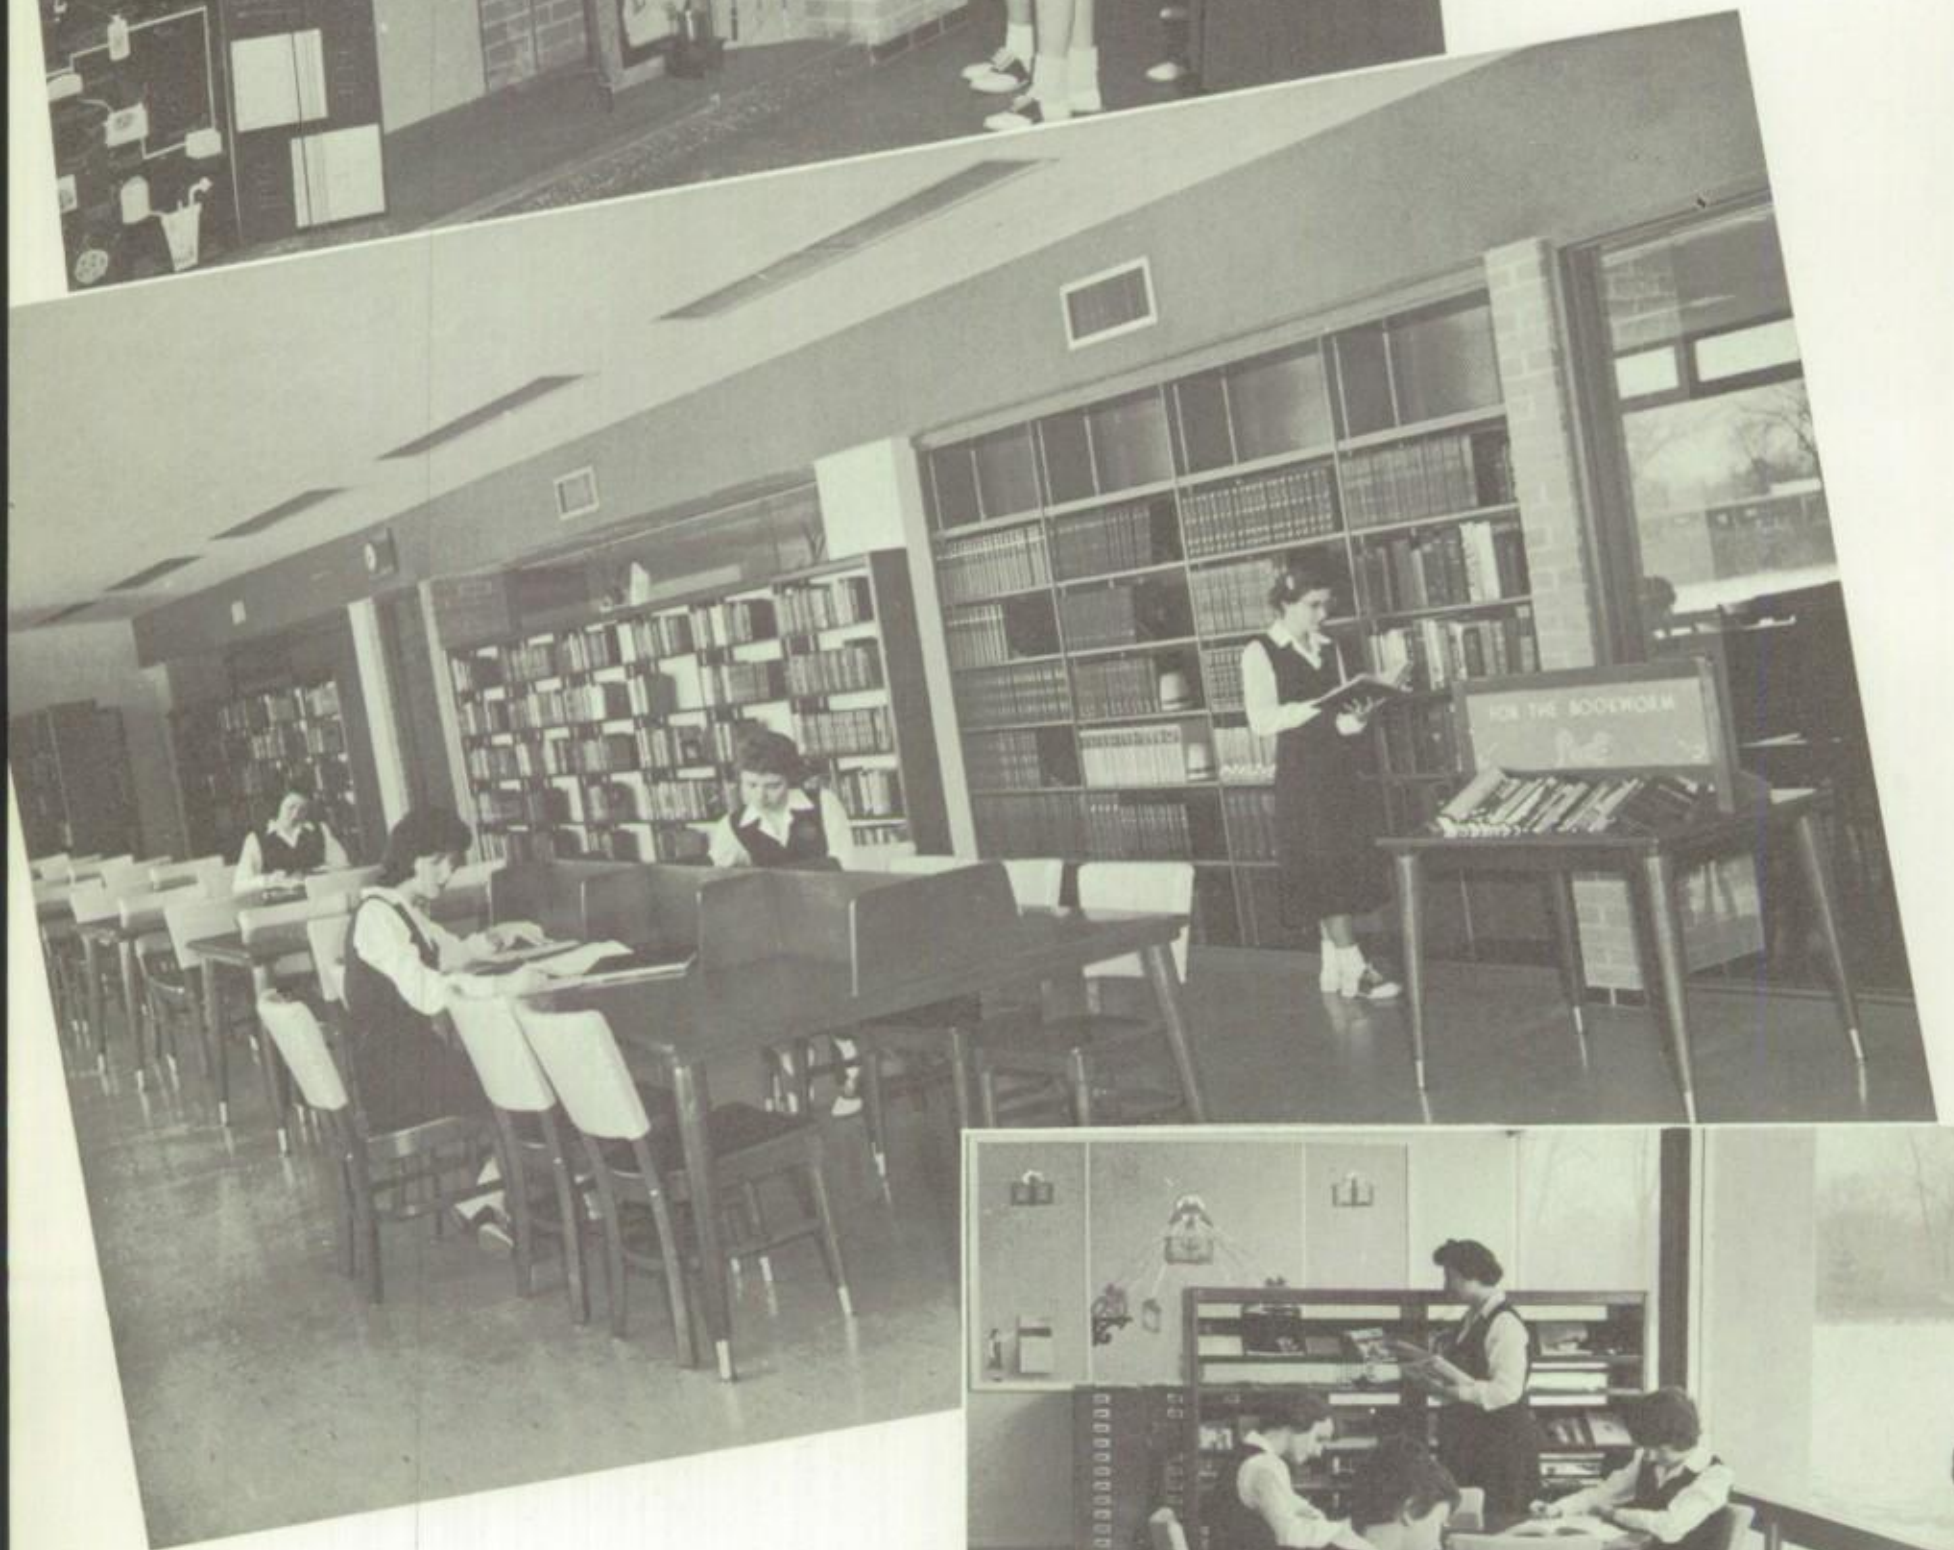

Long, wide, and wonderful

"There's room for everything—well, almost," agree
Peggy McDonough and Mary Martin.

Students' accomplishments are spotlighted in this spacious display case.

Conforming with the space age, the new library is "out of this world."

"We must be getting younger," chime these juniors, "since steps at NDA were never so easy!"

Posture-perfect, pert, and pretty describe the happy combination of students and desks in the senior home-rooms.

Folding doors readily convert a corner of the home arts laboratory into a fitting room.

With a flick of the switch the mop cleaner goes into action! Dust "all gone."

ND's aqua dream kitchen is complete with built-in oven and all modern facilities.

With these individual tote trays in the business department, there's no excuse for misplaced assignments.

"It's too good to be true," comment these students at the end of the first day as they snatch a quick glance at the new NDA before boarding the busses.

A is for our anticipation as we waited for circulation

S is for secrecy, the first requisite of a staff member
T is for the time and talent necessary
A is for our aim—to make this the best book possible
F is for the fun that was tossed into every staff meeting
F is for the fine spirit that made our campaign a success

Quota Boosters

Here at last—that wonderful night of nights! With its soft music and heavenly atmosphere, the prom is truly an event that the juniors and seniors will cherish through the years. Posing with their escorts are Mary Hoeflinger and Prudence Bailey.

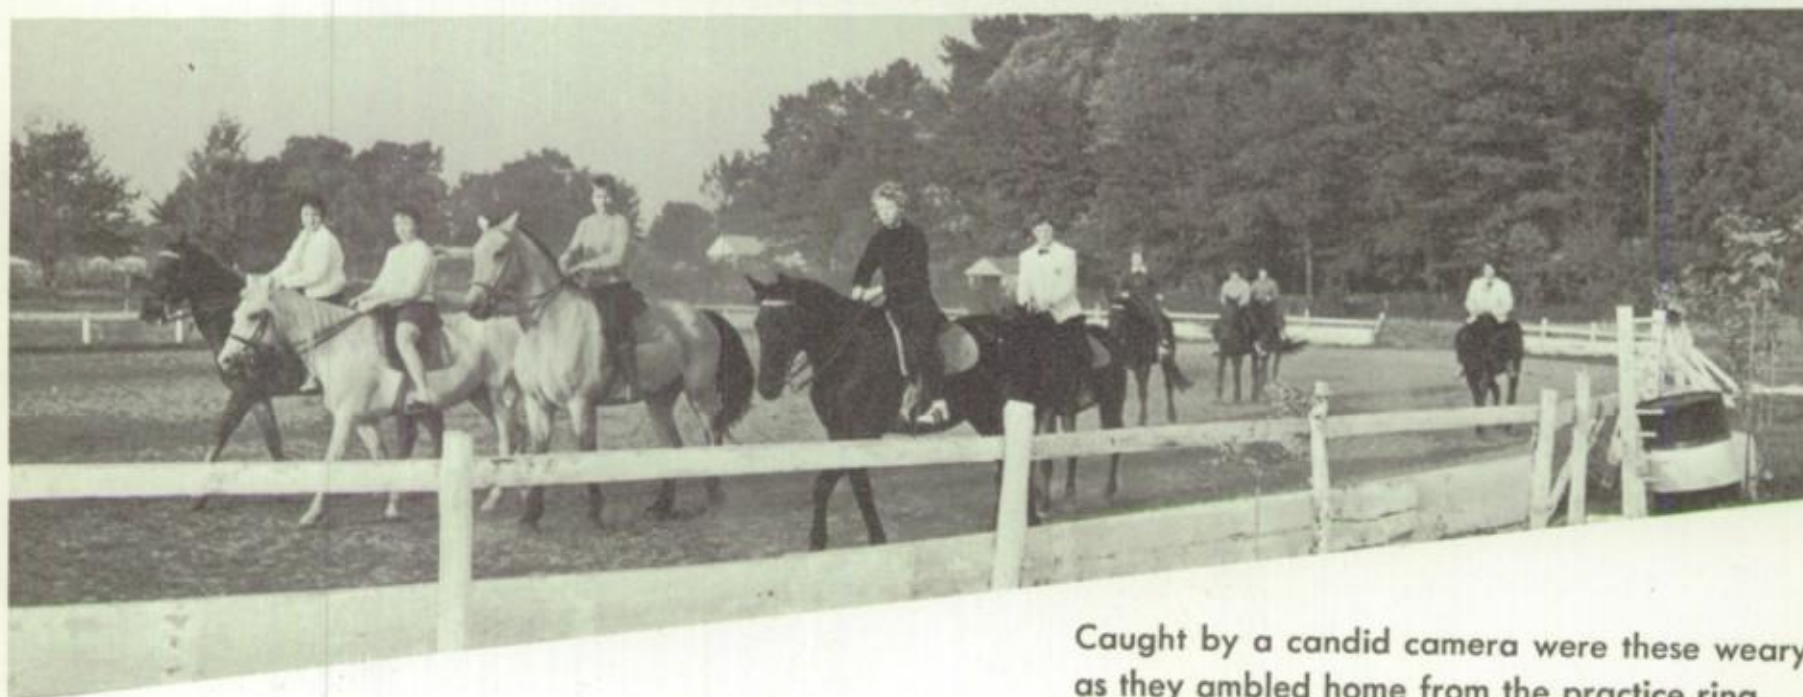

Springtime Interlude

"Mother Beloved"

Privileged to crown the Blessed Virgin in the May ceremonies is Sodality Prefect Kathleen Pietras.

Clasping of hands signifies the togetherness of another successful athletic year. Officers of the Athletic Club are Barbara Rochelle, recording secretary; Monica Donofrio, vice-president; Sue Hancock, president; Kathleen Gilbert, secretary.

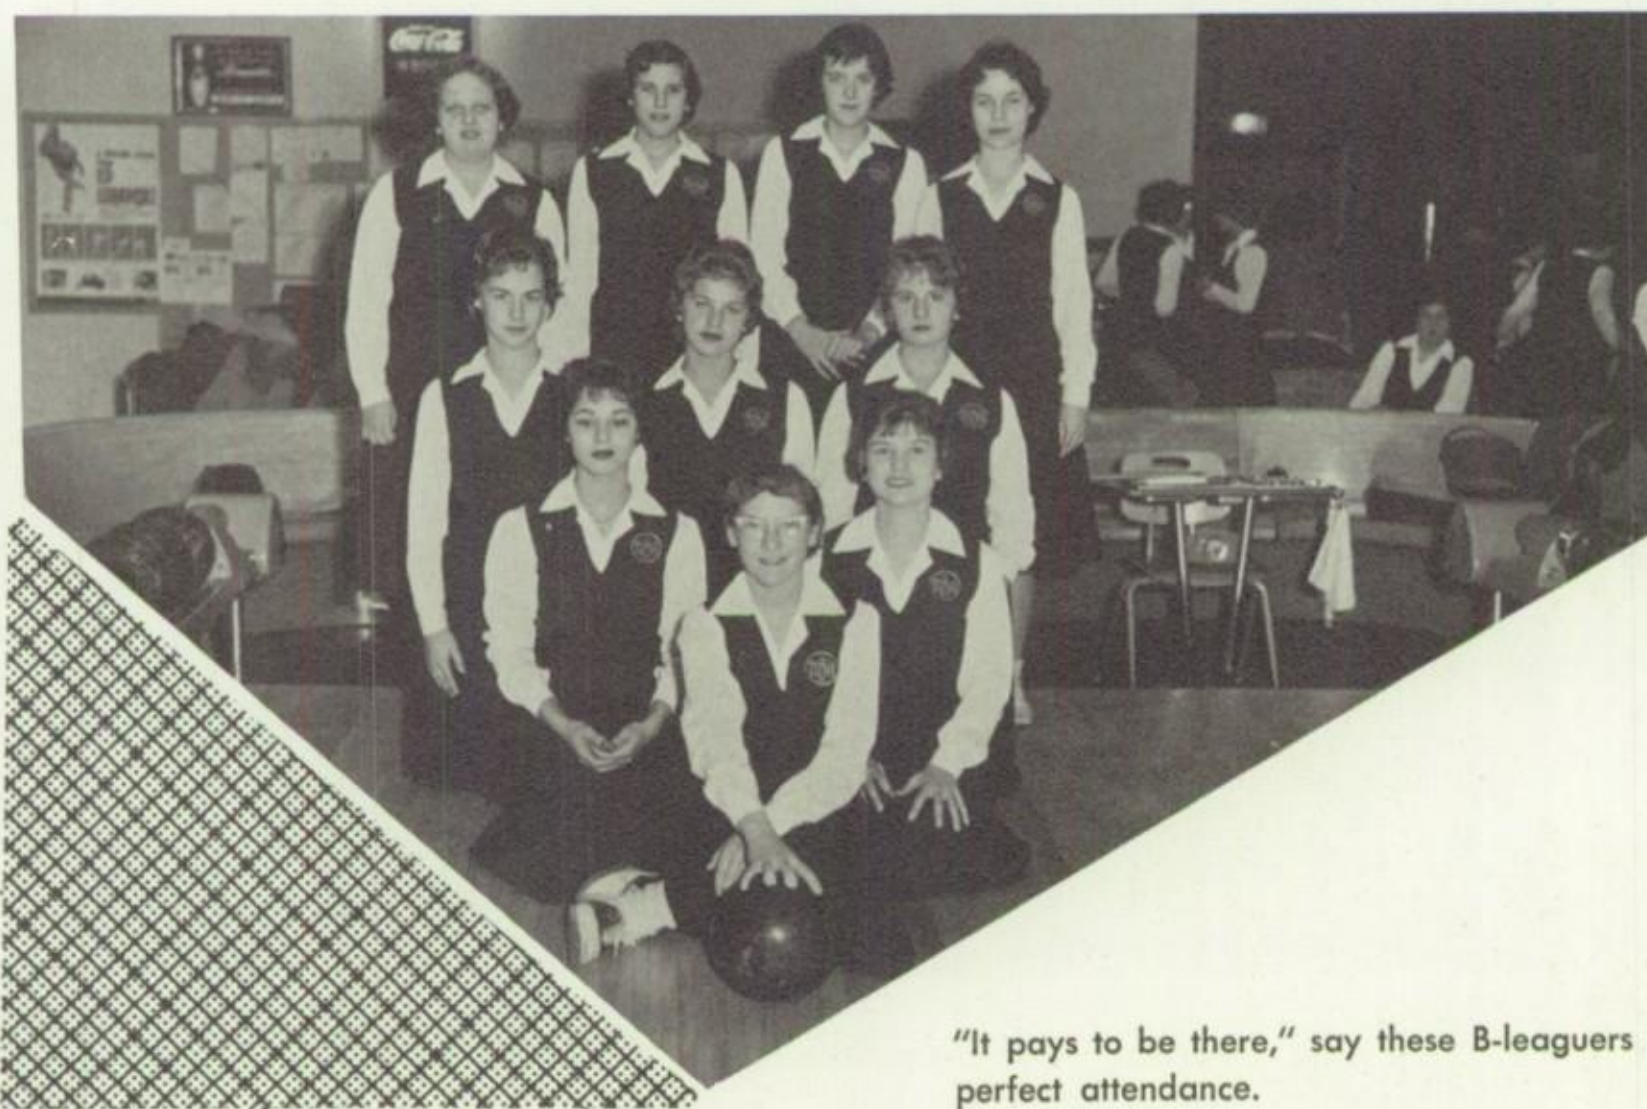

Caught by a candid camera were these weary riders as they ambled home from the practice ring.

Sporting the tokens of their horsemanship are these prize-winning equestrians.

"It pays to be there," say these B-leaguers who had perfect attendance.

ND keglers pause for refreshment as scores of games are tallied.

Maureen Mackley proudly displays the trophy she received for having the highest bowling average in the A-league.

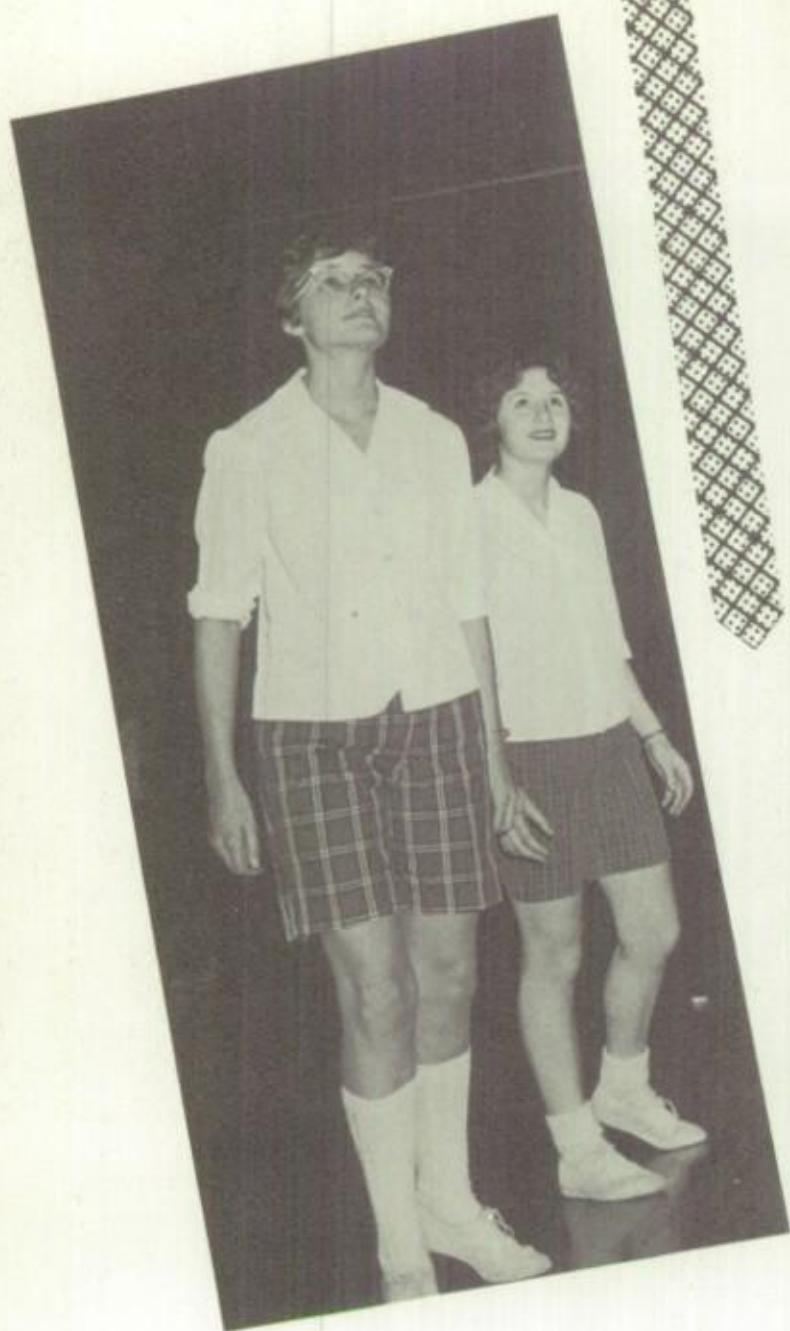

Sharon Wesson executes that perfect form as teammates Kathy Bova, Diane Avery, Sandra Peatee, and Mary Ellen Ott look on approvingly.

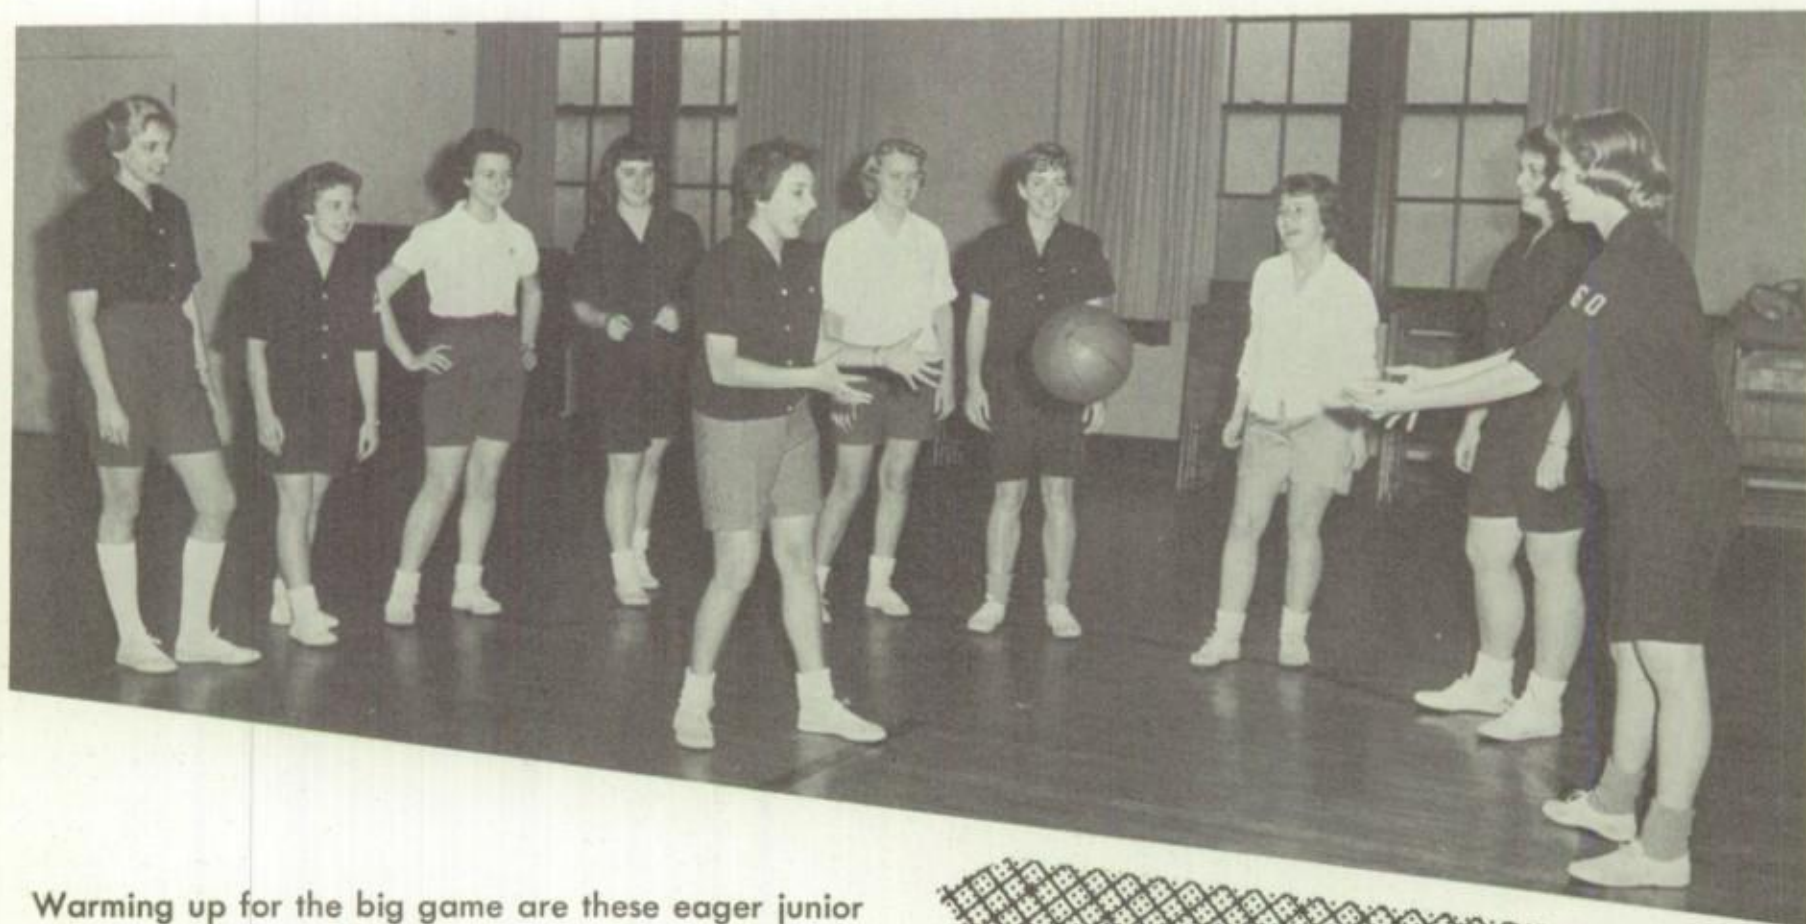

Strike, spare, split, gutter — what will it be, Pat?

"21" is the deciding score for these ping-pong enthusiasts.

Ready, aim, shoot and rush for the rebound!

Warming up for the big game are these eager junior and senior basketball stars.

"Get off your feet and jump!" shout the excited teammates.

Two more points?

WHAT IS A COMMUNITY?

Webster's Dictionary describes a Community thusly:
"Community: 1. A body of people living in the same place under the same law; hence, an assemblage of animals or plants living in a common home under similar circumstances. 2. Society at large; the public, or people in general; restrict-
edly, the people of a particular place or region; hence the region itself. 3. Joint ownership or participation; as a community of good. 4. Common character; likeness."

Webster had a lot of good ideas about a Community. But we like the last part of his description best of all. We like to think that a community is a lot of people . . . people who have the same common goals . . . people who will work together to achieve a common purpose.

At Willys we are dedicated to helping wherever and whenever we can to bring about a successful conclusion to anything attempted in the best interests of our Community — Toledo.

. . . one of the growing *KAISER* industries

Glass Has Made A Difference

Now is the time to reflect upon the "good ole' days" in school—the many friends, your favorite teachers, sports and dances and parties. But when looking at today's school architecture, we think you'll agree that glass *has* made a difference!

Here's picture-proof that school corridors don't have to be dark and dreary tunnels. No longer must walls be solid and opaque. Today, more attention is being paid to daylight and view.

When reflecting upon the advantages of this glass age, we think you'll agree that the "good *new* days" are better.
